

FARMS AND VILLAGE PROPERTY

THE GRAND RIVER SECTION

My time is devoted to farms in the vicinity of Redford and Farmington and to village property in these two growing towns.

I have large and small farms of varying prices and have a large number of houses in town for sale. Am also local agent for vacant lots in the leading subdivisions of the two villages.

I need more farms and houses to meet the demand. See me if you want to sell.

LUCKIER.

"How did you find the roads up around Jingleville Corners?" asked Bikina of Slathersberry, who had just returned from a motor trip. "Oh, I wasn't particularly stuck on them," said Slathersberry. "Really?" said Bikina. "Well, I guess you're the only man that wasn't. I was stuck on 'em for the whole day last year."—Harper's Weekly.

CHECK ON HER HUSBAND.

A Lakewood woman has made a wonderful invention and she hasn't protected it by patent or copyright. It is now available for everybody to listen to it. A friend of hers was calling the other day and she said: "How do you know when your husband forgets to mail the letters you give him in the morning?" "Oh, that's easy. I always put a card addressed to myself in the bunch. If I don't receive that card on the next day I know that he has been delinquent. And I can prove it on him. And it only costs one cent!"—Cleveland Plain Dealer.

DIPLOMACY AT SUMMER HOTEL.

First Guest—You don't mean to say you don't like the scenery around here? You're the first man I ever heard express such an extraordinary opinion.

Second Guest—Well, didn't you notice that the landlord was around when I said that? Think I want to make his head any bigger than it is already?—Puck.

AUTO AILMENTS.

A formidable array of nervous and other ailments has been charged against motoring, the victims for the most part being women, indicating that this sport is over strenuous for them. Among the ailments are the "auto eye" and the "auto-leg." The auto eye is a spasm of the ciliary muscles, which govern accommodations for distances, the sight being constantly and rapidly attracted by objects now near, now distant, making an abnormal strain of the visual mechanism. The Journal of the American Medical Association describes the auto leg as a cramp due to sitting in one position for hours while the veins and muscles are under strain from consecutive shocks and joltings over hard roads.

FINISHED.

"What is a finishing school?" "A finishing school? You want to know what a finishing school is?" "Yes.—I understand you sent your daughter to one." "I don't know. All I know is that it finished my balance at the bank."

REAL SUFFERER.

"Mam, can you do somethin' for a sufferer in the war in the Balkans?" "In what manner did you suffer?" "I was a proofreader on a daily paper."
