MARIE LONG
GR. 4-3114

MR. AND MRS. DAVE Newson, celebrated their sixth wedding anniversary on Oct. 16. There was double reason to celebrate, for it was wife Karen's birthday, Oct. 14.

Mrs. Lowell Karlsen of Orchard Lake Rd. spent the weekend with her sister Mrs. David Dougherty and family of Roscommon.

Mrs. Mae Swanton of Nine Mile Rd. visited her niece and husband, Mr. and Mrs. Harvey Stumpf, of Kitchener, Ontario, recently.

Mr. and Mrs. Jean McGee formerly of Rockwell St. are now residing at Fort Leonard Wood, Mo., where Jean is serving his two years in the U.S. Army. He's now a Drill Sergeant and Corporal.

Mr. and Mrs. George Newson are spending a month at

their summer home at Hillman, Mr. and Mrs. Earl Preston, formerly of Chicago St. are enjoying their new home at Union Lake.

Sympathy goes out to Mrs. Ruth Hamilton, of Lexington St. at the loss of her father, Mr. William Lyons. Mr. Lyons was 83-years-old. He passed away three weeks ago.

Mr. and Mrs. John Malby and daughter, Louise, of Rockwell St. spent a weekend recently in Deerfield, Ill. visiting their son Jerry and wife Helene, and four-year-old grandson, Jeffrey.

OUR LITTLE BIT of Indian summer brought about the last pool party of the year at the Robert Newson's of Whittington St. Twenty-five close

friends and relatives enjoyed a pot luck luncheon the swimming and dancing, singing and games. Patisseries decorated the pool side and patio. The Newson's daughter, Robin, and son, Bobby, helped keep the guests served.

Again this year Mrs. Faye Sills and 171.1.1. celebrated their birthdays together at a large dinner at Uncle John's Pancake House. It was a lovely sight to see as the blind children of the Plymouth State Home and Training School marched through the Restaurant.

Their were 26 present Oct. 11 to share in the lunch that was served. Even though the children couldn't see the beautiful decorations on the table, there was a great deal of excitement over all the goings on.

The party was complete with presents, baskets of goodies and all the other trimmings that make a birthday party complete. Mrs. Sills says, "this is what these children need more of."

Mrs. Sills celebrated her birthday on Oct. 11. Mr. and Mrs. Sills and family enjoyed a lovely birthday dinner at Hucks Bavarian Village.

After the dinner the proprietor had a lovely birthday cake with candles on it for Faye and the big surprise and thrill was when Mr. Emil Huck presented Mrs. Sills with a check and said, "for another party for the children from P.S.H. and T.S. to have another big party, Faye, was delighted."

To top it all, when the Sills arrived home there was a lovely plant, red rose buds, from the florist. The plant was from "Gleny" a dear friend whom Mrs. Sills had helped. There also were two phone calls from boys Mrs. Sills had helped at the P.S.H. and T.S. Mrs. Sills said everything was brighter and better with the years when you help others. It was a grand birthday for Faye.

Little Richie Lou Benson, 2 1/2 yrs., fell from his outdoor gym bars breaking his left leg Friday, Oct. 13. Richie is the son of Mr. and Mrs. Denny Benson of 20954 Birchwood.

Mr. and Mrs. Floyd Peterson of 14111 1st Rd. are currently visiting their daughter and family in Huntsville, Ala.

IT'S A FREAK OUT -- More than 600 teenagers went to North Farmington High School Oct. 14 to do the "Funky Broadway", the "Pearl" and the "Shing-A-Ling." Dick Purten, a popular disc-jockey of "teeny boppers" from radio station WKNR, was the master of ceremonies. The teen dance was sponsored by the Farmington Township Police Officers' Association.

J.R. Louinger In Viet Post

Army PFC Joseph R. Louinger, 22, son of Mr. and Mrs. John Louinger, 21100 Randall Farmington, has been assigned to the 1st Infantry Division in Vietnam. He is a 1963 graduate of Clarenceville High School.

Pledges Group

Sue Hansen has been formally pledged to Zeta Tau Alpha social sorority at the University of Missouri at Columbia. She is the daughter of Mr. and Mrs. Rupert P. Hansen, 30071 Fiddlers Green, and is a graduate of North Farmington High School. She is a freshman majoring in archaeology at the university.

transformed... with a wiglet

For "after five" wear, well-matched hairpieces... those great devices... add extra glamour to even the most glamorous basic coiff. Here are two beautiful examples. Big, bold cut formations partner extraordinarily well with delicate little hair when a very special occasion calls for a very special coiff. On the other hand, a different mood, one of casually relaxed beauty, can best be enhanced with go-along "fall upon fall" accented with even more enchantment... an all-right bow for a sweet, lovely impulse air.

ANSWERS TO QUESTIONS ON INCORPORATION and WHY YOU SHOULD VOTE YES on OCT. 23

ANNEXATION

The Township has lost large amounts of land due to annexation by the City of Farmington. Attempts will undoubtedly be made by the City of Farmington and possibly other cities surrounding us to grab the entire Farmington Freeway Industrial Park and other choice territory. Their gain would be the township residents' loss. The only way this land-grabbing can be stopped is by incorporation. Vote YES October 23.

INDUSTRIAL TAX BASE

A good industrial tax base is essential for a planned community such as ours. Should the city annex our industrial park the bulk of the tax burden will fall on the residents in the Township. Vote YES October 23.

A WORD ABOUT SEWERS

The most recent annexation of Township area by the city will possibly result in the loss of thousands of dollars to the Township due to the loss of a portion of the Tarabusi Sewer Arm. If the Township loses the case, and if the city annexes the entire industrial park, the projected loss to the Township would run into hundreds of thousands of dollars. These losses must be made up by those living in the Township. Vote YES October 23.

CONTROL FUTURE POPULATION GROWTH

Since 1951, the Township has been a planned community which includes not only zoning controls but also population density control. Successful annexation of portions of the Township can throw the entire master plan into jeopardy. A YES vote for incorporation will control future population density growth and thus minimize taxes. Vote YES October 23.

MONEY FOR ROADS

After incorporation we would receive, directly from the state, over \$100,000 more annually for local road maintenance than is now spent by the county in our area. As a Township we do not receive state road funds nor can we control their use by the county. Vote YES October 23.

CONTROL OVER LOCAL ROADS

As a Township we do not control stop lights, stop signs, yield signs, etc.; these are all under the control of the county. As a city we will control traffic safety. Vote YES October 23.

CONSOLIDATION

Consolidation is not an alternative to incorporation. Incorporation is a necessary first step prior to an in-depth study of consolidation possibilities. Vote YES October 23.

TAXES

Whether you live in a city or a township the tax rate is determined primarily by the amount of service required and approved by the citizens. Taxes are going to rise as the population increases even if we remain a Township. There is not one person in the entire area who can tell you what the taxes will be under any form of government next year or five years from now. But a vote YES for incorporation with resulting controlled population density and protection of our boundaries gives you the best chance for maintaining a low tax level. There is no automatic tax increase merely because you incorporate. Vote YES October 23.

THE RIGHT TO VOTE ON TAX INCREASE

This right can be included in a city charter and the Citizens Council will not endorse any charter not containing this right, nor will it endorse any charter which would allow imposition of an income tax without a vote of the people. Vote YES October 23.

THE RIGHT OF REFERENDUM

The right of referendum is guaranteed by the state constitution and is contained in all of the city charters which we have examined. Our Council will not endorse any charter not containing this right. Vote YES October 23.

The Farmington Township Citizens Council for Community Development endorses the following members of the Council as candidates for the charter commission:

LeRoy F. LeGros
Frederick Lichtman
Donald E. McEachin
Robert B. Pierce

They have carefully and objectively studied the pros and cons on incorporation for the past ten months. Let them finish their work for you. They seek only to protect your right to self-determination.
