# Carey Will Head Detroit Realtors

Robert H. Carey, president-elect of the 1,250-member Detroit Real Estate Board (DREB) and president of the Thompson-Brown Co., Farmington-based firm, predicts that 1968 will be an exceptionally good year in all aspects of the real estate business—including construction.

Formally installed last week along with Roger H. Blackwood, first vice president; Byron W. Terrier, Jr., treasurer; and Stanton M. Elisea, secretary, Carey will officially take office January 1.

"Based on the predictions of auto industry leaders of a sub-million-unit year, and assuming that all major auto contracts will have been signed by early '68," Carey said, "the Detroit Metropolitan Area should enjoy a booming economy—even surpassing that of most of the rest of the nation."

"This will be the case," Carey cautioned, "so long as the money market holds in a manner that keeps funds available. Provided the money situation, for any number of reasons, does not worsen as to create a lack of funds to finance transactions, the real estate industry should be able to count on a smooth year with little question in the minds of buyers."

THE DETROIT board covers all fields of real estate including brokerage, appraising, property management, land development, mortgages and counseling. It includes also as members, savings and loan associations, banks and insurance companies.

President-elect Carey, who previously held office as both secretary and first vice president of DREB, has served on numerous committees of the organization and has headed its important Membership Committee for the past two years.

He is a director of the Michigan Real Estate Association, the Builders Association of Metropolitan Detroit state director for the Michigan Association of Home Builders, a state director of the Michigan Society of Planning Officials, and a member of the executive group of the Urban Land Institute's Community Builders Council.

TREASURER-ELECT Byron W. Terrier, Jr., head of the

Byron W. Terrier Co., has been an active DREB committeeman, having served for seven years as leader of the Commercial Property Clinic Committee. He is a governor of the National Institute of Real Estate Brokers and its affiliated Commercial Investment Exchange Institute.

Stanton M. Elisea, head of Elisea Realty & Investment Co., is completing 22 years as a board member and starting his fourth, separate three-year term as a board director. Active on numerous board committees, he also is a member of the Michigan Real Estate Association board of directors.

Robert H. Carey

## GM Sales Run A Bit Behind

New passenger car and commercial vehicle sales by General Motors dealers in the United States totaled 115,222 units in the first 10 days of December, H.E. Crawford, vice president in charge of the Marketing Staff, has announced.

The figure includes 99,851 passenger cars and 15,475 commercial vehicles. Sales in the same period last year were 136,846, including 119,193 passenger cars and 17,653 commercial vehicles.

There were eight selling days in the period just ended, compared with nine in the same period last year.

## Chrysler Sales 3,962 Daily

Retail sales of Chrysler Corp. passenger cars in the first 10-day period of December were 31,638 units, a daily rate of 3,163.8 units. The daily rate of 3,962 was almost identical to the daily rate of 3,969 units in the same period last year.

Retail sales volume in the first ten days of December last year was 35,721, but there were nine selling days in the period last year and eight in the period this year.

## WON HONORS EARLIER KALAMAZOO

Senior guard Boice Bowman of Western Michigan University played on River Rouge High School basketball teams that won three straight Class B state titles and compiled a record of 74 victories and only four losses.
