

# Taxpayers Warned To Save Receipts

Now is the time to put your financial house in order and get a head start on the income filing season which began January 1. A. M. Stoepler, District Director of Internal Revenue for Michigan, emphasized that cancelled checks, receipts, records of contributions and other financial records should be gathered now to help prepare 1967 Federal income tax returns.

Complete records help to insure that taxpayers do not overpay their taxes and also make the job of preparing the tax return easier.

Stoepler said that a copy of your 1966 return is one of the best guides for preparing your 1967 return. He also pointed out that through 1968, one should accumulate records and receipts to ease the tax filing job in the following year.

ARTY -- Highway officials have designed the front fold of the new state highway map in honor of Wayne State University's 100th year. Commission Chairman Ardale Ferguson, left, and Vice Chairman Charles Hewitt, hold the enlarged artist's conception of the map cover.

# COG Assembly To Open; Some Suburbs Missing

The General Assembly of the Southeastern Michigan Council of Governments will go into business Saturday, but some of the leading suburban units may not be formally represented.

The SEMCOG assembly will meet at 9:30 a.m. in the auditorium of the Ford Motor Co.'s headquarters on American Rd., Dearborn.

All units of government in the six-county area of southeastern Michigan may send representatives, but voting will be restricted to those which have formally joined SEMCOG by adopting and returning a form resolution.

AMONG THE 20 units with formal membership are: Farmington city and township, South Redford School District, Livonia School District, Plymouth city and township, Plymouth School District, Canton Township, Wayne School District, Wayne County and Oakland County.

Those who haven't formally joined yet include: The City of Livonia, Farmington School District, Clarenceville School District, Redford Township, Redford Union School District, Garden City, the City of Westland, and Garden City School District.

SEMCOG is replacing the Detroit Metropolitan Regional Planning Commission and the Inter-County Supervisors Association.

Whether the council will be able to pick a full-time executive director Saturday remains to be seen.

Detos Hamlin, chairman of the Oakland County Board of Supervisors and acting chairman of SEMCOG's executive committee might be able to make some recommendations.

# Farmers Must File Estimates By January 15

The Internal Revenue Service reminds farmers that their declaration of estimated Federal income tax for 1967 should be filed on or before Monday, Jan. 15. Farmers who filed the estimate need not file their income tax return until April 15, 1968.

If an estimate is not filed on or before January 15 farmers must file their Federal income tax return, Form 1040, and pay any tax due by Tuesday, February 15, to avoid a possible penalty for underpayment of estimated tax.

# Overseas Mailings Improved

A new air transportation plan for sending packages up to 30 pounds to military personnel served by Army and Fleet Post Offices went into effect Jan. 7, offering senders special low rates.

Users of this airtail service will get much faster delivery on parcels going overseas. To qualify, packages must not weigh more than 30 pounds nor measure more than 60 inches in combined length and girth.

The airtail depends on a space-available basis, and that packages may be shipped at the domestic parcel post surface rate to the point of embarkation plus a flat fee of \$1. The air parcel post rate for a 15-pound package being sent to Vietnam is \$12.88. The same package could be shipped under the new service for \$4.45.

On some high packages, air parcel post rates may be lower than those of the airtail.
