MANGLED ON FREEWAY - Monday's chain-reaction car and truck accident in Farmington Township left this evidence of automotive ruin after at least 17 vehicles became involved on I-696. Miraculously, there were no major injuries, although property damage was excessive as evidenced here. A dense fog limited visibility to a few hundred feet at the time of the two-hour tieup.

U. S. Beefs Up Vietnam Forces To End Barrages

THE U.S. COMMAND disclosed that it has sent 5,000 more air cavalrymen north to back up Marines against the North Vietnamese offensive at Khe Sanh just below the DMZ. The North Vietnamese have been shelling the area heavily which the command believes is just a sample of what is to come in the near future.

UNITED STATES policy-makers are cautiously hopeful of discreet Soviet assistance in recovering the crew of the USS Pueblo, which was seized by the North Koreans last week, despite an unyielding official stance from Moscow. Some officials have stated that they believe that the North Koreans will eventually release the 53-man crew but will not turnover the ship itself.

A FEW BITS of radioactive debris and a large blackened sheet of ice were all that visibly remained of a U.S. B52 bomber that crashed and exploded with a cargo of hydrogen bombs in North Star Bay, Greenland on Jan. 21. The search for the missing bombs and plane has been hampered by the freezing cold temperatures and the short periods of light that prevail at this time of year in Greenland.

DR. PHILIP BLAIBERG marked his 26th day of survival of his heart transplant by demanding something stronger than his daily dose of beer-and-lemonade. Dr. Christian Barnard, who performed the world's first human heart transplant as well as Blaiberg's in Cape Town, South Africa, said "there will be misuse" in future operations but patients will have to trust their doctors.

BRITAIN'S MAIN parties may be coming to a truce and even an undeclared alliance based on their shared aim of saving the pound and the nation's economy. A few key members of Prime Minister Harold Wilson's Labor cabinet expect a climax inside 10 weeks with another legal ban on unauthorized wage, price, income increases as the focus of a new crisis.

JAMES E. WEBB, chief of the National Aeronautics and Space Administration, predicted that Russia will launch cosmonauts for a major spectacular before the end of the year. A deputy to the space administration head said America's first opportunity to fly to the moon might be during the third Apollo flight in 1969.

AMERICAN, BRITISH AND GREEK ships helped search over the weekend for an Israeli submarine with a crew of 69 which disappeared in a deep section of the Mediterranean Sea Thursday. Contact with the submarine was lost on Thursday afternoon when it was 250 miles off the Israeli coast.

HAPPIEST GIRL at the Shrine Circus last week was Mary Brandemil, of Johnson School in Livonia, who is shown getting the autograph of Buster the Clown. Mary was one of the more than 2,600 Livonia School safety patrol boys and service girls who attended as guests of the Livonia Metropolitan Club, the Livonia Shriners and the Livonia Police and Fire Departments.

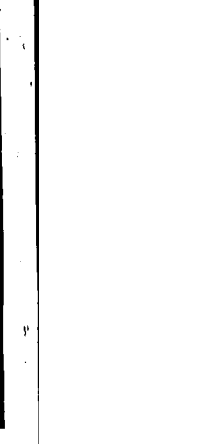

GM Program Nets Workers \$122 Million

Securities and cash valued at approximately \$122.8 million have been credited to more than 72,400 General Motors salaried employees participating in the 1962 Class of the Savings-Stock Purchase Program. This amount is equivalent to \$2.66 for every dollar saved by all participating employees.

A total of 54,900 employees elected to receive immediately GM common stock. Government bonds and cash totaling \$85.4 million. The balance of 17,500 participating employees elected to leave their assets of \$37.4 million in trust under the Program. The total distribution to be made at this time includes: • 762,400 shares of GM common stock with a market value of \$85.1 million. (Based on the closing market price on January 2, 1968, of \$82.75 per share for GM common stock.)

6 Observerland Students Win Math Honors
Six Observerland high school students are among 92 of the state's brightest high school mathematics who will be honored Feb. 10 at Michigan State University for their performance in the 11th annual Michigan Mathematics Prize Competition.

More than 25,000 youngsters from 800 Michigan high schools entered this year's competition, which offers \$5,000 in scholarships to the top math students. The six students are: Bentley, Livonia; Robert Lee Arthur and David R. Posh; Ravenswood, Livonia; Douglas Fairbairn; Farmington; Patrick Harrigan; North Farmington; Kenneth H. Rosen; and Plymouth, John Bortina.

Winners of the top awards will be announced at the Feb. 10 banquet which is being sponsored by the Michigan Bell Telephone Company.

The prize competition was started in 1958 to stimulate greater interest in high school mathematics. It is conducted by the Michigan Section of the Mathematical Association of America, and its sponsors include the state's colleges, professional organizations and industries.
