

South Korea Opposes Bilateral Crisis Talks

SEOUL—South Korea's Foreign Minister Choi Kyu-han asserted that more attention should be paid to the Communist attempt to assassinate President Chung Hee Park than to North Korea's seizure of the USS Pueblo. The South Korean government will "categorically oppose" any additional U.S. moves to emphasize the Pueblo case in efforts for an over-all settlement of the Korean situation. Choi said his government also will object to any direct bilateral talks between the United States and the North Koreans and to any proposal to exchange the Pueblo crewmen for North Korean infiltrators.

SAIGON—South Vietnamese President Nguyen Van Thieu proclaimed the whole of South Vietnam under martial law following a Viet Cong suicide raid on the city. Northern guerrillas staged a number of attacks throughout the south that was costing them ten men dead for every allied soldier they killed. The record of U.S. foreign policy has given some foreign critics a base for challenging American credibility once again. MIAMI—Dr. Albert Sabín, developer of the oral polio vaccine, said that Cuba has practically eliminated polio and that health services under the Castro regime are well organized in spite of the emigration to America of about 3,300 Cuban doctors.

CAIRO—The Egyptian Foreign Ministry said that operations to release foreign prisoners trapped in the Suez Canal have been suspended indefinitely because Israeli troops fired on Egyptian boats trying to survey the northern half of the waterway. Despite the official statement the semi-official newspaper, Al-Ahram, said that Egypt is "resolutely determined" to continue the canal operation.

TOULON—Searchers looking for some trace of the French submarine Minerve, missing since Jan. 27 with 52 aboard, found a sailor's bag of the type used by submarine crewmen. The plastic bag was spotted by a helicopter near the spot off Toulon where a large oil slick was seen on the first day of the search for the 800-ton sub. At the other end of the Mediterranean, the international search for the missing Israeli sub Dinar was halted Thursday but the Israelis said they would continue the search until something shows up. The Dinar was lost Jan. 25 with 69 men aboard.

ANN ARBOR—Harald Munthe-Kaas, Peking correspondent for the Scandinavian

New Service, said, in a speech at the University of Michigan, the United States, Russia and Japan ought to be making "contingency plans" for the possibility that China will soon return to "chaos." He said destructive activities carried out in 1967 by the Red Guard, as part of China's "cultural revolution," have created a "credibility gap" between the central government in Peking and the rest of the country.

PARIS—President Charles

de Gaulle declared that France and the United States were at a farewell lunch for outgoing U.S. Ambassador Charles Bohlen at the Elysee-Palace.

SAIGON—The official North Vietnam news agency said Jan. 27 that Hanoi has decided to release three captured American pilots in honor of Asian Jan. 29 lunar new year holiday. It did not identify the three pilots nor say where or when they would be turned loose.
