Schoolcraft Offers Chance For 52-Day Trip To Europe

If you are a geography bug with a yen to travel, the Schoolcraft College Geography Department is offering a 52-day field trip to five Western European countries that may be just the way for you to satisfy both desires this summer.

Offered as part of the department's curriculum, Geography 260 will carry six hours of college credit during the Summer Session, and will emphasize rural as well as urban geography of Europe.

The course has been in the planning stage for a year and a half and will send its first class of students to Europe via prop jet charter aircraft on June 25.

THE 16-CITY TOUR will include stops at Amsterdam, Munich, Rome, Paris and London, as well as small agricultural villages along the Rhine River of Germany and to such cultural centers as Heidelberg and Florence.

What's more, according to Ralph Miller, geography instructor who will lead the tour, you need not be presently enrolled in college to take the tour.

The course is open to all residents of the Schoolcraft College district who have high school certificate or its equivalent, and who can meet the requirements for the course. Miller, who joined the Schoolcraft faculty a year ago, has conducted a number of geo-

graphy tours of Europe for Wayne State University.

TRAVEL ON THE Continent will be by first-class rail coach, and by river and channel steamer. Lodging will be in University Hotels or small European-style hotels.

According to Miller, the tour plan assures constant contact with foreign students and people.

Total cost for transportation, lodging and meals for the 52-day trip is \$1,025, plus college applications fee and tuition fees for the six hours of credit. Students now attending other colleges are eligible for the tour and transferable college credit, Miller said.

Details are available from Ralph Miller, Schoolcraft College, 18600 Haggerty Road, Livonia, 48151, phone 591-0400.

LISTENING INTENTLY to reports at the Y.W.C.A. meeting are Livonians William Lindhout and June Duoy. They were among the hundreds attending the anniversary celebration.

Plan Series Of Classes For Diabetics \$900,000 Drive Set By YWCA

The YWCA of Metropolitan Detroit has launched a \$1.6 million expansion fund campaign, with \$900,000 budgeted for new facilities in the northwest area serving Livonia and other "Observant" communities.

It is the first such drive in 40 years by the organization which plans modernization of four YW branches—Downtown, Northern, Oakland and Northwest.

Another \$700,000 in matching funds will be contributed by the United Foundation.

Improvements at the Northwest Branch, at Grand River and Beech-Daly, will include a swimming pool and new meeting rooms.

Three-year pledges will be solicited by campaign volunteers contacting groups, corporations, businesses and individuals. No door-to-door drive is scheduled, however.

Another speaker was Glenn M. Coulter, Chairman of the Expansion Fund Advisory Committee.

"The YWCA," he said, "is the last major social agency to go to the public for funds. And because it is the first time in 40 years the YWCA has asked for money to expand its facility, we feel confident the public will be most generous in its giving."

State Supreme Court Justice Theodore Souris spoke, also. He used as his topic, "Crime and Poverty." The YWCA's slogan.

Honored at a reception preceding the annual business meeting were Carl O. Barton, retiring president of the Board of Trustees; Mrs. Kins Colins, a member of the YWCA National Board and who is leaving the Detroit area; and Mrs. Thatcher W. Hale, retiring president of the YWCA of Metropolitan Detroit.

Redford Mother Wins \$100 In Mall Contest

Arlene Gorski is \$100 richer this week because she counted the number of candy corns in the large apothecary jar in the Livonia Mall, old-fashioned gingerale booth during the recent Doorway Sale.

Mrs. Gorski, of Polonia in Redford Township, is the mother of four. In accepting the check from Oscar Kahan, president of the Merchants Association, she said it was the first time she had ever won anything.

The second place winner of \$50 and the third place winner of \$25, were mother and son, Mrs. Robert Hardy was the \$50, and her 14-year-old son, Gary, was the third place winner.

PLANS FOR the fund drive were announced at a Diamond Jubilee Dinner of the YWCA. Dale L. Sellers, Senior Vice President of the Bank of the Commonwealth and general chairman of the YW campaign, told the dinner audience, "This program becomes even more significant when we realize that by 1980 half the total population of Metropolitan Detroit will be under 25 years of age."

Free Gasoline A Necessity

A French oil company today agreed to provide free gasoline for British drivers in the famed Monte Carlo race, British currency export restrictions do not allow enough money for the drivers to buy their own.

Sorrows Scores 100! Loses In Overtime

Our Lady of Sorrows' basketball team scored 100 points Friday!

But Sorrows couldn't win, losing to St. Francis de Sales, 105-100, in one of the wildest scoring high school cage games played in the state this season.

Sorrows also couldn't stand prosperly.

The Farmington team held a 10-point halftime command and with 40 seconds left in the game, clung to a 94-93 advantage.

However, three missed free throws in the fading moments made it possible for St. Francis to gain a 95-93 deadlock at the end of regulation time.

Then in the extra period, Mike Stellar led a quick score by St. Francis. He scored six quick points and his team never was in trouble.

THERE WAS great individual firing in the game. Gene LaFave of the winners had 35 points and Stella 27. For Sorrows, Dennis Perry clicked for 28 points, Tom Webster 26, Mike Baril 17 and Mike Hart 13.

St. Francis had a 24-20 lead after a quarter, but was outscored, 34-20, in the second period when Sorrows forged into a 10-point advantage.

Then St. Francis started its comeback that was to pay off in the extra-period triumph. The setback left Sorrows with a 5-7 record in regular-season action.
