

Rose Hill
Opens New
Subdivision

Belle Wood Park, a new subdivision of homes with outdoor patios that are so popular in Florida and California, has been opened in the Ann Arbor Road-Haggerty Road sector by Rose Hill Realty.

The company has four models including three ranches and one colonial open to the public. A unique feature of the subdivision is that no two houses, side by side, have the same color or style of exterior brick. All models have a unique one piece bathtub. This eliminates caulking the tile and seams and is considered much safer than the standard tubs.

The sales at Belle Wood Park are being handled by Sterling Home Sales.

Realtors Told
New Act Aids
Land Buyers

Greater protection is afforded the prospective land buyer under Michigan's recently enacted Subdivision Control Act, according to Robert H. Carey, president of the Thompson-Brown Co.

Addressing a recent meeting of the United Northwestern Realtors Association, "Western Wayne-Oakland County Board of Realtors," Carey reviewed sections of the new act of greatest interest to brokers and buyers involved in general brokerage business.

The act was enacted to curb land use abuses by uninformed and unscrupulous operators and developers," Carey said. "However, like most new legislation, it contains certain legal traps which still need to be pointed out and explained."

When legal questions arise, Carey advised his hearers, Realtors should recommend to their clients that an attorney be consulted.

Carey, president of the Detroit Real Estate Board, was co-chairman of the committee representing Realtor and building groups which made recommendations to the Michigan Legislature.

Norwood Starts
Own Realty Firm

Joe E. Norwood Co., Realtors, has opened for business at 17421 Telegraph with 12 sales persons and three office persons in charge of mortgages, closings and bookkeeping.

The firm will handle new and used real estate and sales of homes in the new Bluegrass Farms subdivision in Livonia.

Norwood will also run a training program under the name of Joe E. Norwood School of Real Estate. It will prepare persons to pass state examinations and acquaint sales persons with the real estate business.

Norwood, 32, taught English at Redford Union High School for three years and was an officer and director of Hartford Realty, Inc. for four years. He earned degrees at Murray (Ky.) State University and the University of Michigan.

He is a member of the United Northwest Realty Association including its multi-list service;

Tall Bookcase

Dress up a lonely looking corner and expand library space at the same time with a floor-to-ceiling corner bookcase. Build it of western hemlock finished to match other woodwork.

New Panels Help Plan Decor

Decorators and discriminating homemakers with a flair for design now have new wood-grained panels from which to choose.

Lumber and building materials dealers are showing three new decorator panels in the Masonite Royalcote line. They are French Walnut, Kashmir Teak and Jacobean Oak. The line now includes 15 patterns

and colors in addition to Marbletone in the motif of travertine marble.

French Walnut is a traditional style, bookmatched panel in a light, champagne color. Recessed 1/2" wide grooves in a contrasting color provide a striking plank effect.

The new, lighter colored version of Pecky Teak—

Kashmir—is a decorator white. Its surface is embossed with simulated pitch pockets, insect holes and wood distress marks.

Jacobean Oak has a deeply rich color and a pronounced grain, making this paneling an ideal background for traditional English, Georgian, Jacobean and Queen Anne furnishings so popular today.
