

Advisor Will Chair Program

Anton Jakobs, a member of Madonna College's advisory board, will chair a five-week seminar on labor movement to be initiated, Feb. 29. A member of the Meat-Cutters and Butcher Workmen, Jakobs will lead group discussions among representatives from labor, management and private enterprise.

The schedule for individual sessions is as follows:

- Feb. 29: "Origin and History of the Labor Movement"
- March 7: "Ways and Means of Collective Bargaining and Other Methods of Arbitration"
- March 14: "Response of Unions to Their Members"
- March 21: "Public Servants and Their Right to Strike"
- March 28: "The Case for Private Enterprise"

Livonian Gets Auto Certificate

R. C. Gault, 15377 Garden, Livonia, has been awarded an Auto Tech Certificate signifying his completion of the home-study automotive service training program offered by the Autolite-Ford Parts Division of Ford Motor Company.

Gault, an employee of Redford Union High School, is one of approximately 12,000 men from Ford and Lincoln-Mercury dealerships, independent garages and service stations who have completed the course since Auto Tech was started in 1962.

The Auto Tech course offers instruction in the repair and maintenance of motor vehicles and features lessons covering batteries, carburetion, spark plugs, electricity and magnetism, tune-ups and charging, ignition and starting systems.

Screen Door Glamorized With Grille

A screen door may not be the home's most glamorous feature, but there's no need to put up with poor appearance during the eight months or so that you need bug-proofing.

If the screen door is wood framed, it's easy to jazz it up with a wooden grille nailed to the outside of the door, across the screened section.

Start by nailing Douglas fir 1x1s vertically over the screened inset, spacing them two inches apart.

Then cut two-inch-long pieces of 1x1-inch fir and fit them crosswise between the vertical pieces.

Vary the spacing and placement of cross pieces to make a pleasing pattern.

Building the screen door grille is a matter of just an hour or so, and finishing won't take much longer, whether it's painted or stained.

But spending a bit of time drawing up a pattern on graph paper speeds the building and assures that you'll have what you want when finished.
