Black Nationalists Eye Separate Nation

National News Round Up

DETROIT -- After drafting a declaration of independence from the United States delegates to a black nationalists convention in the academy turned to the process of electing officers for their proposed separate black nation. Before they could take office those elected would have to renounce their American citizenship, a source close to the convention said. All the officers would have to establish residency in the south where the new nation is to be created--made up of the states, Mississippi, Alabama, Georgia, South Carolina and Louisiana.

PHILADELPHIA -- Cleveland Mayor Carl B. Stokes and Gary, Ind., Mayor Richard Hatcher will receive the Philadelphia Fellowship Commission's National Fellowship Award on April 2.

CHICAGO -- Police stepped up street patrols and an arson investigation continued during the weekend after a series of fires that drove thousands from the big downtown department stores and caused damage in the millions. Fires erupted Friday at intervals of about an hour in the State St. stores. The heaviest damage was reported at Carson Pirie Scott & Co. Later firemen investigating for arson said they found no direct evidence of it.

BOWIE, Md. -- Gov. Spiro

T. Agnew Saturday ordered the state police into Bowle College, where students had taken over the campus and buildings. No immediate action was taken by them. Students had turned on all campus lights and water faucets after taking control of the college's central facilities during three days of protest.

PHILADELPHIA -- Sylvan Scoblick not only has reduced his weight by 133 pounds, but also will serve less time in jail because his cooperation resulted in the arrest of 33 persons. Scoblick was sent to jail October 1968 and sentenced to five years for banknote fraud. He weighed, at the time, 640 pounds. Police said that he helped them solve hijackings, jewel robberies, an arson case and other things. They recommended and he was granted a shortened jail term for his help.

MADISON, Wis. -- Job interviews by Dow Chemical Co. were held peacefully Saturday on the University of Wisconsin campus in Madison. About 70 persons were injured last October when police and demonstrators clashed over the right of Dow to use school facilities for interviews. Dow is a producer of napalm for Vietnam.

EDGEMONT, Mass. -- Kingman Brewster III, 20-year-old son of the President of Yale University, was arrested Saturday by police on the charge of being present where narcotics were kept, police said. Police Sgt. Jesse J. Oliver said the younger Brewster was one of 20 persons arrested since Friday night in a series of drug raids of Martha's Vineyard Island.

S'craft Concert Thursday

Tenor Edward Kings will appear in concert in the Schoolcraft College library at 11 a.m. Thursday, April 4, as part of the college's winter semester concert series. A graduate of Wayne State University, Kings has appeared as a leading tenor with the Detroit Grand Opera Association, the Des Moines Civic Opera and the Detroit Opera Theatre. He has studied at the American Conservatory of Music, Heidelberg College, and studied voice with both Avery Crew and Boris Goldovsky. He has sung in repertory with the Cain Park Theatre in Cleveland. Kings, who is a member of the Schoolcraft faculty, will be accompanied by Lawrence LaGore, director of the Michigan Conservatory of Music. The concert is open to the public at no charge.

College, Faculty Resume Negotiations

Negotiations on a faculty contract for the 1968-69 academic year at Schoolcraft College resumed Friday, March 29. Announcement of the resumption of bargaining talks was made in a joint statement signed by W. Kenneth Lindner, Vice President for Business Affairs at the college and chairman of the bargaining team for the Board of Trustees, and Anthony V. Rizzo, geography instructor and chairman of the bargaining team for the Faculty Forum. Contract talks were suspended Feb. 9. On Feb. 14, the Faculty Forum's negotiating team filed with the Michigan Labor Mediation Board an unfair labor charge against the college. Negotiations and expediting an early contract agreement. The joint statement reads: "On Feb. 9, the bargaining team for the Faculty Forum found it necessary to file an unfair labor practice charge against the College. This filing was made solely for the purpose of clarifying procedures under which bargaining was to be conducted. "The hearing on this charge has been suspended indefinitely by the Michigan Labor Mediation Board, under its circumstance no clarification could possibly be made. "In the interest of resuming negotiations and expediting an early contract agreement, the bargaining team of the Faculty Forum hereby indicates their unequivocal withdrawal of the above referenced charge. "THE TWO TEAMS met informally on March 22 and agreed on an eight-point list of ground rules, the last of which reads: "It has been mutually agreed that negotiation sessions will resume Friday, March 29, at 4 p.m." Among the items agreed upon was one which provided for a mutual release of information about negotiations to public communications media, and to the college's student newspaper. The two teams also agreed to exclude observers--including attorneys and consultants--from bargaining sessions, but provided for invitation of these persons to the sessions when their participation is essential to a particular point in question. The agreement, which also was signed by both Lindner and Rizzo, also provided for mutual exchange of written progress reports by either team to their respective constituents.
