

T&C PUTS A METAL TOUCH TO THE SHINE OF PATENT

Bright patent pumps by Town & Country Shoes take on added brilliance with a touch of silvertone metal. For the perfect pump look select the inch-and-a-half or two-inch high heel in chocolate brown, white or black patent.

PEACOCK ROOM SHOES
Westland Center

AMONG THE MANY unusual attractions at the Westland Shopping Center are: The Fish Group (left) and the ornamental birdcage (right). The Fish Group sculpture by the late Richard Jennings, has copper and bronze figures on a concrete base and is located

within a pool. The bird cage, about 16½ feet high, extending to the ceiling, was designed by the architects of Westland and is installed in a planter near the east end of the Center Mall.
