

# At Home In Old Homestead

By IRENE BARTH, 474-0463  
Lois and Bill Carey and children returned from a motortrip to Venice, Fla., on, of all days, the one during which our numerous inches of snow fell.  
Luckily they chose to return via Gallatinburg and so avoided the heavy snow which blanketed much of the South. Lois reports that the weatherman cooperated fully during their week's stay and the entire family enjoyed themselves to the hilt. Young son, Jimmy, celebrated birthday number five on St. Pat's Day while they were away.

THE A.F.S. sixth annual "Evening Gala" will be held this year on April 27 in the Armentan Cultural Center. There will be a buffet dinner followed by dancing to the music of Erwin Kanter and his orchestra. If you would like to help this most worthy cause contact

Doris Gaiser, 474-0291, for tickets or further information. If you are unable to reach Doris you may call me.  
Recent visitors at the Harold Lundquist's home were Larry and Margaret Dennis, of Tucson, Ariz., brother and sister-in-law of Mrs. Lundquist. Harold is now the proud possessor of the "Silver Beaver" award, which is the highest award an adult can receive in Scouting. The award was presented at a recent banquet by the Detroit Area Council. He was one of 29 persons chosen from some 26,000 adult leaders. Harold was worked diligently in Scouting for 11 years and I am sure richly deserves this recognition.

THAT MOST unique fire-engine red, multi-wheeled vehicle you may have seen cruising about our sub is an "Amphicat." The property of Jack

Eckerly, it's all its name implies and may just come in handy during the usual spring thaw and rains we always experience.  
Charley and Gladys McMillan report a simply tremendous time was had on their recent stay at The Royal Victoria Hotel in Nassau, Bahamas. Nearly perfect weather during their entire 10 day visit made shopping, sightseeing and swimming most enjoyable.  
They were fortunate to be able to witness the changing of the police guard which takes place only once every two weeks in front of the Governor's Mansion. The ceremony is quite a colorful one with musicians playing tunes as gay as "Hello Dolly." The garb of the drummers was of particular interest, being leopard skin, Tarzan-like garments. If you find yourself Nassau-bound, Gladys says don't miss it.

## Bureau To Survey Households

Six to 12 Farmington households will be contacted during the week of April 15 by the Census Bureau for information to help determine national migration patterns.

Questions on household movements during the past five years will provide an insight into amounts and directions of population migration within the country and will be instrumental in forecasting future migration trends.

Other highlights in the survey, the bureau's monthly current population survey, will include special inquiries on types of work during the previous year, and questions on family size and place of birth of household heads.

The monthly surveys are taken in a scientifically selected cross-section of several hundred areas throughout the United States. Farmington is one of more than 50,000 households to be contacted.

### Bolens Estate Keeper out-tractors the rest

If we've heard it once, we've heard it a thousand times: "Say, this Bolens Estate Keeper really is different." Every time we hear it, we're proud all over again. Difference is what we wanted. Not difference for the sake of being different. Oh, no. The Bolens difference means a better compact tractor. A more efficient compact tractor. We designed the Estate Keeper in two units. Control seat and mower in front. Engine in back. Steering mechanism in the center. That's the real difference. Center-Pivot Steering. With it the Estate Keeper literally curls around trees and corners in one pass. Mows in a 21-inch radius. That's maneuverability-plus. It's different. And the difference is designed, with performance in mind. Why don't you test-manuever an Estate Keeper? At your Bolens dealer. Today.
