 Appetizers are little things you keep eating until you lose your appetite...  
 Government surpluses may be a curse, but surplus government is ever worse.  
 One reason history repeats itself is that so many people were not listening the first time...  
 "Yup, the fish was too small to bother with," said the boastful fisherman, "I got a couple guys to help me throw it back in the lake."  
 Each year it takes less time to fly across the ocean, but more time to drive to and from work!
