I am so much in agreement
with these compassionate, intelligent people, it is disgradenit to see fellow Livonians and
even close neighbors buying
guns, rifles, shotguns, andtaiking about how they will shoot

In six not only disgraceful, disappointing, and sad, it is also very frightening to a mother who does not want to see her children hurt seriously or even killed in an unfortunate shooting accident. I want to commend Mr., and Mrs., Shirley for taking an outward and positive step to voice their beliefs on this matter by posting their size saying ward and positive step to voice their 'boilets' on this matter by posting their sign saying ''This' home is NOT armed," My home is also marmed and will 'remain so 'for I believe we are living in a free and democratic country and not in an iron-curtain ''tear' state. In Mayor Hubbard's city of Dearborn and in ours the clean streets refer to crime which is a joke in Detroit,

As 'Roy Wilkins of the N.A.A.C.P. said, "These black rioters are not mourning Dr. king's death. They are breaking the law. They do not belong to my race."

I have lived and ory worted with Negroes for 29 years, a lifetime to me, At the present time I have 33 Negroes workling for me, Ninety per cent of these people have been afraid GRAND OPENING SALE!

people just do not want to work, lie was right. Our plant took on about 1,000. There are less than 100 left. Quite a few were disaccompany property.

I have been chased with a kaife at Ford, by them, with not high important property. The people was a company property. I have been chased with a kaife at Ford, by them, within thing in my hand or pockets to defend myself. Believe me, Mr. Shriey, you get a feeling you'll never forget. I hope it's a feeling you and your family will never experience.

I have never owned a gun but now! I an seriously concerned with boying one.

Shirler said, "I am not a brave man," I disagree with him, He is a very brave man or he is ignorant and believes it could never happen to his family.

I wouldn't give up the majority of Negroes working for me! I have been invited to their weddings, birthdays and other social functions, Even though

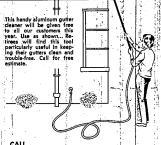

my men promised no trouble, they kniew why I had to turn them down. I doubt that you will sever see these men breaking the law.

If and when Shirley moves to Detroit, I will be more than happy to help him move, I know of a house cut the Boulevard that was doesn't give are ago, (The Shirley) sign says, "This house is not arrow."
