

Cook With Corn Syrup For An Exotic Touch

There's a world of difference between the cook who heats up the can of beans and the one who adds a touch of excitement to the same can of beans.

The magic touch which makes the world of difference may be the little bit of corn syrup stirred into the beans, or the chopped onion or a dash of ginger. They all add flavor and appetite appeal.

And since creative cooks are never content with one idea, the recipe for ginger baked beans is given with four variations. It may get a different seasoning or a topping of fruit or Canadian Bacon quickly and easily glazed with corn syrup poured from the bottle.

A QUICK fruit bread is ideal to serve with the beans. Add a cole slaw made with shredded cabbage to save time and dress it by taste with bottled Italian dressing, a little corn syrup and if desired, a touch of mayonnaise.

Home Sewers Should Check Pattern Changes

What does "NEW Sizing" in patterns mean to the home seamstress?

Either Siemen, University of Illinois Extension clothing specialist, explains that you may now find that you will be buying patterns the same size as your ready-to-wear garments.

All major pattern companies are changing their sizing to correspond more closely with standard ready-to-wear clothes.

PATTERNS ISSUED after November 1 will be marked "NEW Sizing". And the January-dated catalogs, which are available in November, will contain two measurement charts, since patterns with both former sizing and new sizing will be available for sometime.

A red chart will be used for the "NEW Sizing," and a blue chart will be used for former sizing.

As a general rule, you may buy the new patterns a size smaller than you did formerly.

For instance, the old size 14 Misses pattern was designed for a 34-inch bust measurement. The new size 12 will fit a 34-inch bust.

GINGER BEANS WITH CANADIAN BACON: Follow recipe for Ginger Peachy Baked Beans, substituting 1/2 pound sliced, Canadian bacon for peaches.

APRICOT SNACK LOAF

1/2 cup chopped dried apricots
2 cups sifted flour
2 1/2 teaspoons baking powder
1 teaspoon salt
1/2 cup chopped nuts
1/4 cup margarine
1/2 cup sugar
1 egg, beaten
1/3 cup light corn syrup
1/3 cup orange juice

Soak apricots in hot water 15 minutes; drain. Stir flour, baking powder and salt together into mixing bowl. Add nuts and drained apricots. Set aside. Mix margarine and sugar, then stir in egg, corn syrup and orange juice. Stir into flour mixture, mixing well. Turn into greased (8 1/2x4 1/2x2 1/2-inch) loaf pan. Bake in 350 degrees F. (moderate) oven until loaf tests done, 60 to 70 minutes. Cool in pan 10 minutes. Remove pan. Cool completely.

Curing Time Sets Cheddar Flavor

Natural Cheddar cheese is cured in three flavors—mild, mellow, and sharp, reminds Mrs. Ruth J. Buck, Penn State Extension Foods and Nutrition Specialist. Mild Cheddar is partly ripened or cured for two to three months and has a mild flavor. Mellow Cheddar is usually cured four to seven months and has a fairly pronounced flavor. Ripened eight to twelve months, sharp Cheddar has a full delicious flavor.
