no more shopping
 "pet peeves"
 at Farmer Jack's.

Food items should fill every space, right to the brim, because empty spaces, to a food shopper, appear more like miserable monsters mocking their out-of-stock inconvenience! Farmer Jack has taken steps to correct this, and proving that he "dares to be different," he's asking your help!

Whenever you find missing items, Farmer Jack wants you to let him know! The number to call is 931-6600, ext. 741 during the working day, or 931-6970, if it's after 5 o'clock! However, he can't always control the supply of featured, or "double discount" items. But, he had Rainchecks made up, so delivery is guaranteed at the extra low price!
