

N-Sub Voice Is Hoax

NORFOLK, VA. -- The Navy has abandoned a special Atlantic search for the source of a mysterious voice broadcast that purported to be from the missing nuclear submarine Scorpion.

There was a widespread feeling that the radio transmission may have been a cruel hoax. The message was a rather routine statement excepted the name for the Scorpion in code. The sub has been missing since Monday with its crew of 99.

Meanwhile, the huge sea hunt for the Scorpion continued with the Navy shifting focus from the relatively shallow continental shelf--where the sub might have survived--to the depths eastward where it is doubtful its hull could withstand the enormous pressure.

The dropping of the special probe seeking the source of the message punctured hopes that this might lead to a dramatic breakthrough in the search.

WASHINGTON -- President Johnson said he hoped to ask Congress next week to amend the constitution to grant 18-year-olds the right to vote.

ATLANTA, GA. -- Nine bodies including those of seven children, have been identified as victims of a flaming gas explosion which wrecked a suburban day nursery.

National Roundup

The dead children were between the ages of 16 months and four years.

PHILADELPHIA -- A University of Pennsylvania Medical School psychiatrist says he does not believe prescribing contraceptives for single women encourages sexuality.

Dr. Harold Kief, professor of psychiatry at Penn's division of Family Study, said "There is not data yet which specifically report this, but I think the majority of girls who ask for contraceptives are not virgins. Most will engage in sexual relations with or without birth control pills."

NEW YORK -- Rudolf Bing, general manager of the Metropolitan Opera since 1950, has rejected a recent offer to become general manager of the Vienna Opera.

CHICAGO -- Dick Gregory, comedian and civil rights activist, will go to Olympia, Wash., on June 6 to begin a 60-day prison term for illegal fishing.

Gregory was convicted Jan. 12, 1967 on three counts of net fishing for steelheads on the Nasqually River near Olympia in March and April, 1966. He took part in a fish-in to support Washington Indians in their protest against a state law banning net fishing.

COLUMBUS, O. -- An Ohio State University co-ed, accused of setting a dormitory fire which caused the death of two coeds on May 22 has been transferred to Cleveland to undergo psychiatric care.

Harriet Frances Leeb, 16, a freshman from South Euclid, charged with arson in the Lincoln Tower fire, was taken by University police to Cleveland.

Injured fatally in the fire were Pamela Sue Patterson, 18, of Ludlow Falls, O., and Retta Foster, 22, of Colorado Springs, Colo.

PORTLAND, ORE. -- Sen. Eugene McCarthy scored an Oregon upset to refute his campaign for the White House and Sen. Robert F. Kennedy lost a Democratic presidential primary he once said he could not afford to lose.

McCarthy took 44 per cent of the vote and Kennedy followed with 39 per cent, followed by Johnson 13 per cent and Humphrey four per cent.

WASHINGTON -- A plan to avoid bitter floor debate over the Johnson Administration's \$2.9 billion request for the foreign aid program in the next fiscal year is being considered by the House Foreign Affairs Committee.

The scheme is to have the program authorized by a continuing resolution of the House and Senate at a fixed percentage of this year's appropriation.
