Identify Keys

By Their Color

When you carry a number of keys on your key ring, it always seems that you get the wrong one when you are in a hurry to unlock a door. To save your time and patience, you can avoid this by dipping the head of each key in different colors of quick drying lacquer. Then you can tell at a glance which key fits which door.

Bedspread Idea

To make an inexpensive, easy-to-laundry bedspread for a child's room, sew together a number of guest-size terry towels. Decorate with rickrack where they join.
