DINIBICAS — INDES — Indee photos illustrate the variety of accidents that can happen to careless office workers. At the top, rushing in the corridor can produce a painful "traffic collision." Lower left, bending the back instead of the knees strains lower back muscles. Lower right, failure to shut off a paper-jammed machine jeopardizes fingers and risks electrical shock. The photos were taken by Aetna Life and Casualty. Ford Aids K College Faculty-Student Plan

tion.

Kalamazoo is among the 61 schools in the nation selected the Ford Foundation to selected the Ford Foundation to share in a \$2,7 million grant to easist humanities at the four-year liberia arts college level, Kalamazoo is the only Michigan institution among the recipients. The nuck will be used for grants-in-aid to individual humanities faculty members for research, study in new disciplines, refresher courses, and other opportunities for intellectual situmitation.

Kalamazoo's proposal, how-ver, places special emphasis on joint faculty-student proposed projects, in which faculty members pursue their own scholarity and creative interest in such a way that students may take part is co-workers.

The College believes that its proposed program may have repercussions well beyond its campus, if successful, it will have demonstrated that in the humanities, as in the sciencies, under-graduates can activaty

DAMSELS IN DISTRESS - These photos illustrate the variety of accidents that

participate in faculty research and faculty can effectively combine teaching with their own scholarly work.

The College believes that flexibility of its year-around curricutum, which sends students off campos in each of their last three years, makes it possible for students and faculty to join in cooperative study and research, on campus and off.

DURING FOUR YEARS, or 15 quarters, the typical Kalamazoo taken it studies 10 quarters of the campus for students and the company of the campus for study aloned, firsthand job experience, and for independent study.

"Often students are attractive."

ted to the natural sciences partity because they find working in
the laboratory makes them participants in a discipline, not
just observers," College Presdont Welmer K, titicks said,
"We believe the plan we are
proposite more or the late of the college prestion in the humanities.
"Faculty members in the humanities; sometimes see their
work failing into the two distinct pieces; they beach during
the year and then they get away
from teaching periodically to
read, write, and renew their
scholarity competence.
"This can be a thoroughly
satisfactory pattern, but some
faculty will be more productive,
we believe.
