**AIN'T IT FUNNY??**

We mean funny peculiar, not funny ha ha; that nobody hardly noticed this past week that we had a big display of candles — little ones, middle sized ones, and great big ones — and a lotta different colors — and before that about every other day someone sez to us — why doncha put in a line of candles? Well — now you know — and if yer huntin' candles come on down and see us. If it happens to be this week yuh sure don't wanna pass up our twofer specials. First off we got kidney beans whatcha git twofer two bits. Right beside where yuh gitcher cart fer pickin' up yer groceries we got a beautiful display of twofer stuff. There's Campbells pork and beans in a 1 lb. can twofer a quarter. Now yuh know when it comes to pork and beans yuh always think of Campbells first. Another standby is Franco American spaghetti. That's a great dish with the kids and if it stays cool that's a swell mess of stuff to warm up fer lunch. [This here Franco American spaget is twofer a quarter, too. Now doncha think thatcha oughtta lay in a supply of this here stuff??

Say — howcha like to have chickens fer this week end? We're gonna have some fresh dressed ones. If yuh wanna stew one, our stewers is gonna sell fer 49c a lb. and the fryin' kind is sellin' fer 53c a lb. We know you'll gitcher paper in the mornin' but the chickens won't be dressed until Thursday afternoon so don't come in too early, will yuh? Somethin' else yuh cant git noplase else is our hickory smoked bacon and we got a fresh batch of that comin' outta the smoke-house Wednesday. If yuh should come into the store and there aint no clerks around jest yell down the aisle. Seems like there's so much goin' on in the back room that everybody will be back there. Course maybe one of the butchers will be standin' guard over them cooked - ready-to-eat picnic hams. They're only 49c a lb. and that's a pretty cheap askin' price, doncha think?
