Letters submitted to the Editor for consideration in this column are those of the writer and do not necessarily represent the opinion of this newspaper.

The Farmington Enterprise, Farmington, Michigan To the Editor,

Congratulations to The Farmington Enterprise in fulfilling your goal of Service and purpose of Leadership on the observance of National Newspaper Week when we all should be truly thankful for the American tradition of freedom of the press.

Probably our best way to indicate our appreciation is to send another subscription, and one is enclosed.

Not long ago one of your splendid editorial forecasts predicted that one nation would unite with others to protect our freedoms, and now we find your forecast is true with 53 nations united in an effort to protect not only our freedoms of the press, but others.

One of our boys, now in Korea, is one of several benefiting from the boys of at least four other nations in fulfilling the forecast of your editorial which stated that more than one nation would fight for our freedoms.

So many of the forecasts in your splendid editorials are now true that we urge that you strive to maintain the high quality of your editorial writing. They are needed more than ever. You see in Korea, in most of Asia, and in most of Europe there is no freedom of the press, no freedom of speech, not even freedom to worship.

And that boy in Korea, when he returns to Farmington, unless you continue to inspire people to treasure those freedoms, will return to his home town as he left it, with fewer than 30% interested in freedom of speech, of the privilege of voting, and of the privilege of worshipping God in our Farmington churches. The Russian-dominated areas of the world have lost those freedoms. We in Farmington have not lost them, but unless we exercise our privilege to uphold the freedom of speech, of government by voting, and by participating in a controlled press and we wonder if it would be The Farmington Enterprise. You see, those freedoms are precious.

Yours truly,
Anonymous

Mrs. S. R. Marks and Mrs. Forth Marks of Corunna and Durand spent Tuesday at the George Waite and Howard Thayer homes.

Mr. and Mrs. Frank Tamm returned home on Monday evening after a week's stay with relatives in Ohio, and on Wednesday Mrs. Tamm and Mrs. Laura Klesler, her house guest, spent the day in Ypsilanti.

Mrs. Elwin Dearing had luncheon guests on Wednesday with Lansing and Detroit.

Mrs. George Waite and Mrs. Howard Thayer of Farmington were Friday luncheon guests at the home of Mrs. Clare Grace.

On Friday afternoon 15 ladies from the Sunshinette Club walked into the William Hanson home to surprise Mrs. Lillie Leavenworth (Aunt Lillie) on her 83rd birthday and presented her with a lovely bathrobe. Ice cream, cake, cookies and tea were served. Then on Sunday, Mr. and Mrs. Hanson served a birthday dinner to the immediate family in her honor and again she was surprised when at church Sunday morning they sang "Happy Birthday" to her.

The Rebekahs held visitation at their lodge on Thursday evening and at this time Mrs. H. Babbit of Northville, a member of our lodge, presented the lodge with an altar clock in memory of her mother, Mrs. E. M. Holcomb, who was a charter member. A lunch was served to about 80 guests.

Everyone who had a television set shared it with their neighbors on Wednesday night to see the Louis-Charles bout.

The AmVet Auxiliary of the Perry, Kenner Post 76 held their annual banquet dinner on Wednesday evening, September 27, at Saragosa Farms. The guest speakers were the Department President, Mrs. Dorothy Paulson, and Past National President, Mrs. Adelle Foxg who is now Department Parliamentarian. Both ladies are from Benton Harbor, and were entertained for the night at the home of Mrs. Charles Taylor, Sr.

A gold plated arrow was presented by William A. Hanson, son of

ton Community Chest; Farmington Area Recreation Commission, Farmington Boy Scouts, Farmington Girl Scouts, Clarenceville Recreation Commission, and the local day-care fund.

Volunteer solicitors are now being organized to contact every resident of the Farmington City and Township areas. Persons in the Farmington area are urged to make some contribution in this community although they may work in other communities. This is particularly important because all of the Community Chest agencies and county organizations are covered by the Farmington drive only. Contributions in Detroit or Wayne County will not aid the local agencies. These local groups need more money to carry on the important job they are doing; and they need the support of the Farmington community. Residents are requested to split their contributions so that they may contribute both at home and where they work.

ROLLING DOWN THE RIVER

Fellow that drives an economical Studebaker was in the shop the other day for an after-accident car check-up. Said that he spent a bit of his summer in the Old Kingdom town "A spot on the road," he told us, "so small that you don't have to explain a black-eye to the folks you meet; they already know."

Now as long as we're on the matter of vacation incidents, we wouldn't want to omit the one of the Kansas traveler. Seems as how they recently repeated the dry law in those parts and our friend told us that folks out there are greatly amazed at how a pinch of salt has improved in taste now that they can drop it in a glass of beer.

We wonder how many of you, who have returned from your vacation, have given serious thought to the car that took you there and brought you back. This business of you pat my back and I'll pat your back, hold on there are experts out in the shop check motor, brakes, battery and get the whole car in shape for the cold weather ahead. You'll be surprised at how much better it will perform.

As a rule we're not much given to feeling sorry for the fellow who decides politics is his field. We figure that the fellow who wants his feet in the public trough shouldn't yell about a bruised ankle. We felt a bit of compassion though for the recent candidate who told us, "It's a lousy life! I'm sick and tired of the hypocritical so and so's that pat a job on the back just to find the softest spot in which to stick a knife."

We're glad we never got in politics. We don't smoke cigars, not much good at kissing babies (under 13) and usually carry the wrong brand of cigarettes. Besides we're fundamentally honest. That's what makes selling Studebakers such an attractive job. All a fellow has to do is sell his truck. Just say, "Here's a fine Studebaker, more comfortable, more value for your transportation dollar and the doggone car comes through. Could make an honest job out of the president of the liars' club. Why not drop in and let us and the Studebaker prove it to you?"

That's that, but we've noticed a flicker will go as fast as it's away did. I'll pat your back and a quarter along as chaperone."

Yours,
BOB KETTLER
