

Helen Pasterka, of Parker, sang "Ave Maria" and "On This Day" last Sunday at the Holy Family Church in Cleveland.

The pilgrims brought with them the germ of a free press.

Mrs. Don Weber and children, of Portland, Michigan, spent the week with their parents, the George Cooks on Power Road.

The direct interview story was first used by Horace Greeley.

Tour Capitol On Wedding Trip

Mr. and Mrs. William C. Fernan toured Washington, D.C., last week after their wedding September 24 at the Franklin Community Church. The couple repeated their vows before Rev. W. C. Lovejoy at 8 p.m.

The bride, Ora Lee Ebersole, was given, by Mr. F. S. Sullivan, of Bond Boulevard. She wore a white satin gown with high neck and beaded peplum, long train and fingertip veil, held in place by a beaded tiara. She carried a bouquet of gladiolus and stephanotis with variegated ivy.

Miss Ebersole is a graduate of Farmington High School and an attendant at Hillsdale College. She has been employed by the Acme Steel Company in Detroit.

Mr. Fernan, son of Mr. and Mrs. William Fernan, of Ferndale, is currently attending the College of Oronottery, Chicago.

Miss Mary June Ebersole, bride's sister, was maid of honor at the double ceremony, wearing an ice rose satin gown and carrying yellow tulip mums.

Bride's maid at the wedding was Miss Joyce Fernan, who also wore an ice rose satin gown and carried yellow tulip mums. Best man was Mr. Charles Wilson, and the usher was Mr. William Stevenson.

The altar of the church was decorated with white gladioli and the chancel, at which Mrs. G. Wright rendered organ music. Following the ceremony, a reception for the bride was held at the P. S. Sullivan home, 31805 Bond Boulevard.

For the reception, the fireplace of the Sullivan home was covered with evergreen, with bouquets of roses and white gladioli on the mantel. Fifty people attended the reception, each receiving an individually boxed wedding cake.

The couple were at home September 30 in their apartment at Highland Park, Michigan.

Eight close friends helped Michael Dennis Barum celebrate his third birthday last Thursday. Michael is the son of Mr. and Mrs. Herbert S. Barum.

Spring Discovered In Farmington

In one of the busiest sections of the city, a spring was discovered yesterday afternoon. The spring, however, was immediately covered by Farmington Upholstery, 32420 Eight Mile Road West, expert spring covers and upholsterers. They will reupholster your dirty old chair for \$79.50. However, if you would like to do it yourself, they will be glad to rent their modern equipment for \$379.75. This offer is open to the first 12 red headed young ladies that phone between 3 and 4 a.m. Remember the phone please, Farm. 2042 . . . and remember too — we reupholster anything with springs in it (except deserts and mountains, of course). It's an ad.

Meadowbrook Murmurs

By Mrs. Dean Eckert
PHONE 6337-M

Intersection Introspection: Perhaps all these motorists whose cars are crumpled at "your corner" (Meadowbrook at Eight Mile) would rather instead of spending dollars on trying to make their cars good again, contribute like sums for the purchase of a signal light for that corner. It really wouldn't cost much to place there and maintain when you compare it to the maddening fenders and broken bones that this intersection is noted for. State Police Chief Lawrence Meehan of 28131 Eight Mile Road tells us that the Wayne County Road Commission should be brushed a much signed petition. It sounds like a task for some school organization to perform. And since children at least three schools nearby, this has a school corner about it, he just talked about any longer. Won't somebody get busy?

Mrs. George Johnson, a brand new neighbor from one of the nice new houses on Bond Boulevard, has a daughter Sandra, age 8, is a co-leader for Brownie Troop 8. Brownies have their own little uniforms and how proud they are to wear them. And since girls that age grow so rapidly, the job of keeping them outfitted is really a task. The Farmington Girl Scout Association has started a Girl Scout Exchange of uniforms and equipment. If you have a donation for this worthy cause, please bring it to the Farmington Girl Scout Association, 31805 Bond Boulevard, or to the Farmington Girl Scout Exchange, 31805 Bond Boulevard.

First to occupy the new LaFollette apartment at 22925 Driveway, are Mr. and Mrs. Al Cronheim who moved here from Grand Rapids. Mr. Cronheim is the new Biology teacher at Clarenceville High and we understand that a lot of students, including his own, are sorry they took Biology LAST year. Five year old Paula and four weeks old Tamara make their family particularly interesting.

The LaFollettes, who have moved into their new home next door, intend to finish a second apartment during the next year. Mr. LaFollette is looking forward to the day when he can walk past his tool chest without a thing to do on either house. And Mrs. LaFollette sighs that perhaps time will slow down one of these days.

Their new house sets far enough back from the road so that cars going by aren't noticed, but life inside the house is so vivid for their four offspring representing four age groups with plenty of play around to represent each group. Their merry mom, who loves every bit of it, has labeled the types: Sophisticates, Jazz Age, Boy and Modder. Seventeen month old Bruce, a bright and lively young "scamp" finds plenty to do when Mom gets on the phone. He runs by with something forbidden and announces "I take it back!"

As cheerily as his daughter is Mr. David Thomas of Detroit, who is spending some time at the Vern Hawsleys this week at the end of a paint brush. The Hawleys' brick ranch home at 21125 Middlebelt is looking very spic, don't you think, with its new shade of brown trim. There's been a lot of nattering going on at the Harry Shafers on List Street this summer and the reason is a new sewing room for the Mrs. They closed an upstairs sun porch. Mr. and Mrs. Allan Heffley of 20895 Roosevelt have crested their place with an attractive, high picket fence and the Martin Ulrichs of 23204 Eight Mile Road and the Floyd Hopkins of Scotten are working on new picket fences, too.

Mr. and Mrs. Jack Easton found that putting in a septic tank at their new home at 22925 Middlebelt was a real job, especially when they found quick sand filling in their newly spaded holes. The owner Jack is winding up his "vacation" by finishing up sidewalks and starting a garage. He expects to complete their house next summer. They have designed it themselves.

and it will be a two-story type, similar to a Cape Cod house, facing them. Mr. Easton is a builder by trade so his home will go up fast when he gets to that part of the job. Had you heard yet about the Teachers' Reception that will be given on the high school tonight? It's sponsored by the P. T. A. and all the mothers' clubs are lining up cashments. Everyone is invited and let's see you there at eight.

A bake sale is the project the Band Boosters Club is working on now. It will be held at the Detroit Edition Office in Redford on Saturday, October 14. Personally, we're going to try a new coffee cake recipe and see if they can sell it. No drop in at the sale if you can and buy a doughnut or sumpin'. It's one of the few ways nowadays to spend your money and like it!

Shower, "Going Away" Party Honors Two

Miss Charleen Shaeffer and Miss Jane Leach are celebrating with a "going away" party Thursday evening at the home of Mr. and Mrs. Clint Shaeffer, 16101 Fielding Avenue, Detroit.

About 20 co-workers and friends were present. Mrs. Herbert Barum and Mrs. Clint Shaeffer were co-hostesses.

The girls left Sunday for San Francisco, planning to stop at Denver, Salt Lake City, and Los Angeles before taking up residence in San Francisco. Charleen's fiancé, Bradley Dilling, is now stationed at the Message Center in the Presidio, San Francisco, after service in Korea and Japan.

By GENE HYMES

If there's anything new in the world . . . or in the entire universe . . . that matter . . . you can be sure that Television has its eye on it. The recent total eclipse of the moon was brought to TV audiences. And it looks as though there's a lot more entertainment and education coming from the astronomical direction. TV will in the near future be pointing toward the heavens, exploring the galaxies through powerful telescopes. You may see spots before your eyes, but they'll be sun-spots. And if you want to explore the mysteries of the moon, visit Mars . . . take a trip to Venus, all you have to do is turn the dial. Astronomically speaking, that'll get you clear out of this world.

"Science fiction is having a big run on television. Before long the space ships and other planets will be as real as cars on the street to TV audiences. There are certainly no limits on imagination . . . and TV can take you as far as the imagination will go. Let your family have the greatest benefits and advantages of TV. It's important these days. You can choose now the wonderful new RCA VICTOR set . . . designed to give you years of ways get the very best of service by experts at FARMINGTON TELEVISION CO. 33304 Grand River, Phone Farm. 0047.

Townline News

Mrs. Frazer Huitts
28450 Haggerty — Farm. 1522-R1

Mrs. John Palacky of 12 Mile Road is confined to her home by illness. She and Mr. Palacky will be leaving in the near future for Florida, where it is hoped she will regain her health.

Two recent parties at the Loran Bush home on Haggerty were Sarah Covington's fashions show and a party honoring Mrs. Bush's sister, Miss Eva Hibbler, who has taken up residence in Redford. Games were played for the evening's entertainment, after which the honoree was presented with gifts and the hostess served a lunch. Miss Hibbler is well known here as she made her home with the Bushs at different times.

Joyce Hill was honor guest Saturday evening at a miscellaneous shower given by her sister, Mrs.

McCormick, of Middlebelt Road. Joyce, the daughter of Mr. and Mrs. Norris Hill of Haggerty, was married October 7 at the parsonage of the First Baptist Church in Farmington. The prospective bridegroom is Arthur Charlebois, son of Mr. and Mrs. A. Charlebois of Beech Road.

Mr. and Mrs. Chalmers Lukafahr entertained their son, Manley Cox and his wife, of Dearborn, on Sunday.

Mr. and Mrs. F. B. Taylor and Miss Sadie Hopkins of Pontiac were callers at the Frazer Huitts home Sunday.

At the end of the American Revolution there were 43 newspapers in the colonies.

Know Merchandise, U-M Professor Says

Failure of salesmen to be completely familiar with their merchandise is only one of the faults that make buying difficult for the public. Other faults common with salesmen are ignorance of the store's system, current delivery dates, and methods of shipment. "Salesmen do not have the knowledge to solve customers' problems and most customers enter stores with problems which merchandise men should be able to solve," writes Edgar H. Gault, Professor of Marketing at the University of Michigan in the current issue of "Michigan Business Review".
