

Lights for poultry houses are recommended by Michigan State College, poultrymen as good investments. Lights themselves do not take the place of good poultry management, they say, but good methods, plus lighting, mean more profits for the farmer. Give the hens a 14-hour day. Each light should have a reflector and every 200 square feet of floor should have one 30-watt light and reflector.

## Spencer J. Heeney Funeral Home

For 29 years, on call 24 hours a day, I have never failed to personally conduct every funeral.

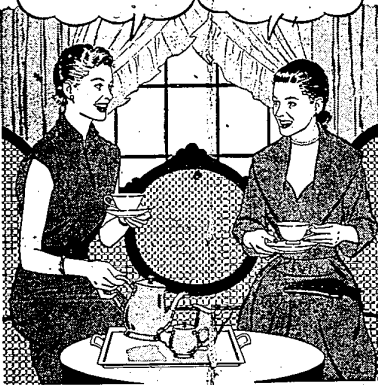

ESTABLISHED 36 YEARS

While lots of folks aren't bothered by caffeine in coffee—others suffer sleeplessness, nervousness, indigestion. POSTUM is 100% caffeine-free—contains nothing to make you nervous, spoil your sleep. Get POSTUM TODAY!

INSTANT POSTUM  
100% CAFFEIN-FREE!

A Product of General Foods.

## WASHINGTON MERRY-GO-ROUND

(Continued from Page Two)

which in many cases amount to less than \$500 a year? "That argument doesn't hold water," hit-back Dingell. "The object of this amendment is 'not to compel the reporting in income returns of about a billion dollars a year in dividends that escape taxation. Failure to report these dividends is a violation of the law."

"Furthermore, despite what you say, working people with wages under \$500 a year sometimes are asked, 'A Detroit auto worker may work only one week in a year, but a portion of that week's wages is nonetheless withheld by the government.'"

Rep. Dan Reed of Dunkirk, N. Y., sided with the senators, however, and the big-bracket taxpayers had a majority.

Note—Other senate tax conferees were: Byrd of Virginia and Connally of Texas, Democrats; and Butler of Nebraska, Republican. Of them, only Senator Connally fought for the little taxpayer.

### V.F.W. COMBATS COMMUNISM

Congressional with-hunters who smother innocent people could take a lesson from an "American way" campaign, which the Veterans of Foreign Wars has launched against communism.

The V. F. W. campaign stresses "community service" to combat conditions on which foreign "jams" thrive—poverty, unemployment, illiteracy.

As the V.F.W.'s new commander, Charles G. Ralls of Seattle, explained to President Truman the other day: "The best way to lick communism is to get at the roots that propagate it. And those roots are chiefly poverty and ignorance. If we see to it that there are no hungry children or impoverished families in this country, we don't have to worry too much about communism."

"That's the proper approach," agreed Truman. "Communism is a state of mind that is aggravated by bad economic conditions."

Garden Club Ladies  
Take Deer Census

Following on the heels of the 4-H club deer census, ladies of the Michigan Federated Garden Clubs conducted a drive of their own which produced 63 deer in the same area.

The census was taken by garden club members while attending their 12th annual conservation conference at the conservation department's Higgins Lake training school.

The one square mile in southwestern Crawford county netted 86 deer for 4-H Club members a week before.

## SAFETY CAMPAIGN TO STRESS NIGHT DRIVING HAZARDS

Night driving hazards will be the theme of the state-wide November traffic safety campaign. It was announced this week by State Police Commissioner Donald S. Leonard.

The campaign, one of six being undertaken this year, is sponsored by the Michigan Association of Chiefs of Police and the State Safety Commission, in cooperation with the National Safety Council.

Leonard pointed out that last year in Michigan alone, 7,494 pedestrians were injured and 419 killed. "It isn't always the driver's fault," he stated. "Pedestrians take unnecessary chances and make themselves targets for injury or death, particularly at night. Nevertheless drivers should be on the watch for them, for it isn't pleasant to kill or injure a person even though you may not be at fault."

Statistics reported by 29 states show that night time driving is 23 1/2% more dangerous in the number of accidents which are fatal and the night mileage death rate is three times the day death rate for cities and 2 1/2 times the day rate for rural areas.

"Police departments and safety groups throughout the state will participate in the campaign," Leonard said. "It is our hope to bring forcibly to the attention of drivers the necessity for greater vigilance and care when driving at night because of the extra hazards that are involved. Reduced speed, headlights and tail lights in working order and alertness will be stressed in the effort to lower the death and injury toll."

Farm records are management tools and can do as much to make the farm profitable as any machine or tool you possess, say MSC agricultural economists.

## Alma June Elkin Ends Basic Training

Alma June Elkin, 20, daughter of Mrs. Alean B. Elkin of 22109 Hanes Avenue, has completed the indoctrination course at the Women of the Air Force training center, "Gateway to the Air Force," Lackland AFB.

Lackland, situated near San Antonio, is the world's largest air force base, center of air force basic

training, for airmen and women, indoctrination station for prior service enlistees, and home of AF's Officer Candidate School.

Her basic training has prepared her for entrance into Air Force technical training and for assignment in specialized work. The course included a scientific evaluation of her aptitude and inclination for following a particular vocation and career.

Consult Classified Columns

Try to do to others as you would have them do to you, and do not be discouraged if they fail sometimes. Judge not without knowledge, nor without necessity, and never without charity.

Hunters are urged by the conservation department to be careful with cigarettes and campfires during the fall forest fire hazard period.

# Want a long run for your money?

# Better Buy Buick!

YOU want a new car to be tops in things like style and room and comfort and power—

—and a thrill-packed fifteen minutes with the nimble number pictured here will show you it has all these things in abundant measure.

So you ask us—how about money? What does it cost to buy a Buick—and to own one?

All right—let us ask you some questions. Take first cost. Do you know that Buick prices start down at a level below what you'd pay for some sixes—and that every Buick, on a cents-per-pound basis, is a stand-out buy?

Take operating cost. Do you know that the bang you'll get from Buick's Fireball power comes from a valve-in-head engine—recognized by engineers as a thrifty saver of fuel?

Do you know that owners of 1950 Buicks are writing us rave letters, saying that this year's version is the most economical Buick ever built?

Do you know that such comfort features as coil springs on all four wheels protect the car as well as the passengers—and throw in an extra saving because they need no servicing, and are practically breakproof to boot?

Do you know that Dynaflo®—in addition to keeping you fresh as a daisy on a day-long drive—caps its convenience with savings on tires, cuts down the strain on

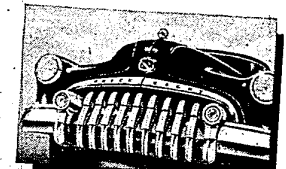

\* Dynaflo Drive is standard on Roadmaster, optional at extra cost on Super and Special models.

transmissions and engines—and eliminates all friction clutch repairs, because it hasn't any?

Take final cost. Do you know that when the owner of a Buick gets a yen for a later model, the prices that Buicks command on a used-car lot are the ultimate proof of their long-run value?

So if you want a real run for your money, better buy Buick. And the first step is very simple: Go see your Buick dealer—soon—and get an order signed.

**FOUR-WAY FOREFRONT**—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.
