Now to git to our own personal business. Usually when we start writin' this thing it all sorta fits together, but this week we got the derndest mess a stuff. The only thing that fits together is our Royal gelatin dessert and grapes. These here grapes aint the fresh kind with seeds in 'em — they're the canned seedless kind — you know, they're like the little round white things in fruit cocktail that everybody wants more of. We're gonna sell these little white grapes 2 cans for a quarter. If you wanna wrap a gelatin around 'em why doncha use some of our Royal stuff that we're sellin' for a nicker a box. There's a whole lot of different flavors. You takes yer choice. The other thing we got is pickles. These is fresh cucumber pickles in a glass tumbler that's real sharp lookin' and we would sorta like to not have so many — so this week we're gonna give 'em to you fer 19c a glass full. If they taste as good as they look we know you'll be back fer more — and even if the pickles aint hot, it's a nice glass — aint it?

Whatta yuh gonna have fer meat this week end? Meat loaf or pot roast or ham? Fer makin' this meat loaf we got our own fresh ground beef fer 59c a lb. and fer the pot roast we gotta git 59c a lb. too. The ham we're talkin' about is a picnic ham fer 39c a lb. Now there's a lotta good eatin' stuff. If yuh wanna make a boiled dinner we got cabbage fer 5c a lb. and carrots fer 10c a bunch — and fresh pork hocks fer jest 29c a lb. You should have a cookin' onion. We got about 4 lbs. that yuh can have fer 15c. Now yuh know it's apple pie time and we got the makin's. Macintosh apples are 3 lbs. fer 25c and that famous Pinckoning sharp cheese is 59c a lb — but that's jest this week end. No sales to dealers. You know why, too, doncha?

Gym Floor Ready At Clarenceville

Work has been completed on the new gymnasium floor at the Clarenceville High School and it will be ready for use Monday, Louis Schmidt, Superintendent, announced this week.

The floor was relayed after the Board of Education refused to accept it from the contractor because of irregularities in the surface. Work on the floor was started just prior to the opening of school this fall. It has not been available for either school or community use since that time.

Schmidt stated that the floor has now been resurfaced, sealed, and the markings put on, ready for use.

and were returning to Lakeland, near Pinckney, when they ran out of gas. Leaving the car parked at the curb, Coyle and a friend went to get gasoline. They were re-entering the car when the accident occurred.

The boy is still in serious condition, having suffered a compound fracture of the left leg and a fractured skull. DeVriendt said the driver of the second car, Robert W. Wurtel of Walled Lake, may be held, depending on the condition of the injured man.

Grand River Avenue was blocked off in spectacular fashion Saturday morning when a semi-trailer truck carrying a full cargo of apples struck the curb east of Middlebelt Road and turned over. No one was injured in the accident. However, State Police and wrecking crews worked most of the day to clear the wreckage from the highway.
