From where I sit ... by Joe Marsh

Judge Cunningham was telling about a taxi ride he took over to the Comity Seat last week. The cab was all littered with cigaret butts, plus candy and gum wrappers. This annoyed the Judge and he spoke to the driver about it. To his-surprise the eabman answered right back. "Don't blam and the poke to the driver about it only have been driver to the fares just men it up again. I like a clean cab as well as anybody, but a man has to have some ed-operation!"
Judge figures the fellow was in the right, and maybe we ought to

o a little campaigning with the public. I agree with him—that's why I'm writing this article. From where I sit, it's important for us to remember the fellow who's going to get'in the cab after wil leave it. Because he pays the sine as we do, he's got the same ri hit to a clean, comfortable ride—that as he has the same right to edjoy the beverage of his choice (be it coffee, beer, lemonade, or what have you).
