WASHINGTON MERRY-GO-ROUND

(Continued from Page Two)

erations are classified by law as "foreign". However, West Virginia's alert Sen. Harley Kilgore caught this word-juggling.

"At first, I myself understood that the word 'overseas' covered the operation of all our planes flying abroad," he told the senate. "But it seems that the civil aeronautics act divided our planes into three classes instead of two. Overseas planes are defined as those which fly overseas in our island possessions."

As a result of Kilgore's vigilance, the senate unanimously changed the resolution to include Pan American. Despite this, the commerce committee has flagrantly ignored the senate mandate and has left Pan American out of the survey contract.

The Hawaiian runs of Northwest and United Airlines are included; but Pan American's Hawaiian run is left out of the study by its wire-pulling friends on the

SENATE COMMERCE COMMITTEE MERRY-GO-ROUND

Nine out of ten visitors at Lake Success want to see Mrs. Roosevelt, but have a trouble asking her committee by name (Social, Humanitarian, and Cultural committee). Often they ask "Is this the room where they hold human relations?"

A committee chairman at Lake Success, scanning his list of speakers, announced: "I call now on the delegate of the Soviet Union and when he has finished speaking I will call the delegates on my list who have been exhausted."

The Soviets got a lot of publicity when they walked out of various U. N. agencies early this year. But they have avoided publicity in their backtracking. Thus, few people outside U. N. are aware they have returned to the trusteeship council and the economic and social council.

First Admiral Nimitz has completed a country-wide speaking tour for the United Nations, and will leave the U. N. payroll at the end of this month. A great fighting man, he has taken a fine job for peace.

Capitol Hill is still shuddering over the way Sen. "Molly" Malone of Nevada, Republican, challenged Sen. Scott Lucas of Illinois, Democrat, to a fist fight on the senate floor just before congress adjourned.

STRANGE APPOINTMENT

A lawyer who helped torpedo the American plan to break up Nazi cartels is now assistant general counsel of the national production authority, the new defense agency with get-tough powers over industry.

He is Richard Bronson, named by an investigating commission as a key figure behind the dropping of the stiff decentralization plan. While in Germany Bronson worked hand in glove with Phillip Hawkins, son-in-law of Wall Street banker William E. Dodge.

SUNSHINE LADY TELLS HOW TO GET HOLIDAY SPIRIT

To me, one of the nicest ways to get into the holiday spirit is to remember, or be remembered by, an old friend. Last week was a very heavy week for me, for I heard from several old friends, and each letter told me the whereabouts of some other friends whom I have not seen in a great many years.

On Saturday while shopping for our Christmas party, I met several old friends from Farmington. It's nice to be remembered and greeted with a smile by an old neighbor. In all cases, each told me how much they enjoyed the column.

Sunday was a day I'll long remember. In the morning I attended church services in beautiful old Central Methodist Church, the birthplace of Protestantism in Michigan. The church was opened in 1894 and organized in 1810. They have an all girl choir with 74 members, and a choir made up of 100 children between the ages of 9 and 14. Music comes from every corner of the huge church.

The sermon offered by Dr. Henry Hitt, Crane, "The Sacrifice of Thanksgiving," fitted in with my afternoon hours which were spent with Rev. and Mrs. Lawrence Patrick and their faithful members at the Church of God in Christ on Oakland.

Rev. Patrick's inspirations have led his little band on from services in a small room to a large building which, although a far cry from what they want, is a meeting place where all can get together for hours of real friendship. Being their special guest of the day, it made me happy to be able to make a Thanksgiving sacrifice to help this church, whose heart is so sincerely in its work.

Edna Sidelink, 20425 Mayfield, Farmington, will celebrate her 65th birthday on December 12.

There was no name on the two beautiful boxes of cards sent me, but the address was 23230 Power Road. Thanks a lot.

Do you know the fun of having a Secret Pal? If not, why not choose one of these names and shower them from time to time with a cheerful note or a small gift. These ladies are not shirkers, but all enjoy sending mail. Send me your name and address and birthdate if you would like to be someone's secret pal.

June 24 to the birthday of Marie Kild, 15911 Wakendine, Detroit 23, and the birthday of Mildred Schul, 20321 Shadydale, Farmington, is September 24. Eunice Armstrong, who lives at 20425 Mayfield, Farmington, has a birthday February 9.

A thought for our unknown little friend is "God hath dealt to every man the measure of faith." (Romans 12:3) Through faith we may get a clearer vision of God's will for us. The Bible teaches us to be honest and square. By doing so, we can help others to walk along the journey of life in a good and happy way.

During the holiday season, let's try to wear a smile always. Your smile may not make you feel any better, but it can be cheering to a friend or neighbor.

I know a two-year-old girl badly in need of all types of clothing. I'll pay postage on all sent to me for this little one.

Cpl. Ernest B. Tyler
Now In Pyongyang Area

Corporal Ernest B. Tyler, son of Mr. and Mrs. Elliot B. Tyler of 23069 Violet Street, Farmington, is now stationed temporarily near Pyongyang, Korea, where he is serving as an officers' clerk in Service Company, 18th Airborne regimental combat team, after being relieved from front line duty.

On October 21, Cpl. Tyler made a parachute jump behind enemy lines in the Sukhon area to cut off the North Korean forces in the Pyongyang sector. He is entitled to wear the Combat Infantry badge since he participated in the Kumpo Peninsula campaign and the Sukhon campaign. He is also entitled to a combat star on his parachutist wings.

Richard DeVriendt Transferred To Keesler

Pvt. Richard DeVriendt, 22, son of Mr. and Mrs. J. DeVriendt of 32463 Grand River, has recently reported to Keesler Air Force Base to begin training in the Communications School which is a part of the large technical school of the Air Force's Air Training Command.

A base of the Air Training Command's Technical Division, Keesler is also the home of the largest Electronics School in the world and is the site of one of the three Armed Forces Radiological Defense Schools.

Air pollution was a problem in the 13th Century, when the wife of King Henry III refused to live in Nottingham, England, because of smoke. Nowadays, since it is an established fact that smoke can be eliminated through proper firing and equipment, scientific research is being directed primarily at other air pollutants.

Coal reserves in the United States equal 46 per cent of all the reserves in the world.

Universalist Women Give Rummage Sale

The Woman's Association of the Farmington Universalist Church, Warner and Thomas Streets, will conduct a rummage sale tomorrow (Friday) and Saturday in Adams Hall of the church. Mrs. Adella Minor is chairman.

The association's December meeting, to be held Saturday, December 9 instead of December 16, will take the form of a tea to which the public is invited. Christmas articles will be sold.

Because several coal seams outcropped in the shores of the North Sea and were "mined" by wave action and erosion, this fuel was called "sea coal" by the British of the 13th Century. Another reason for the appellation was that London received all its coal by sea traffic. The term is still used in parts of England.

Coal reserves in the United States equal 46 per cent of all the reserves in the world.

LOWER-PRICED HUDSON PACEMAKER for '51

The new Hudson Pacemaker is here!

It's a rugged, lightning-like performer... economical to buy and drive... with the high-compression Pacemaker-Six engine that's built to outlast any engine in its class.

And because the Pacemaker has Hudson's famous "step-down" design, it offers the most room in any car, and America's lowest center of gravity for matchless safety and a real big-car ride!

Here's what to expect when you buy the new Pacemaker:

1. High-compression power—economy—performance—on regular gas
2. Most room at any price
3. America's safest car
4. Durability to outlast any other lower-priced car
5. Lowest-priced car with "step-down" design
6. Skyliner Styling... streamlined beauty outside—gorgeous color-harmonized interiors.

We invite you to meet the Hudson Pacemaker for '51 today! With all its big-car advantages it costs less to own and drive than many smaller cars.
