have been made to secure safety measures in this area. He added that the establishment of limited parking should help to reduce some of the congestion.

Mrs. Pina Teppo, Liberty Street, appeared before the Commission to seek damages due to the flooding of the basement in her new home. She stated that the flooding was due to a plugged sewer which caused a backing up of the water in the basement. Mrs. Teppo added that approximately \$150 damage was caused by the water. The Commission stated that they did not believe that the water was liable in such a matter but agreed to take the matter up with the city attorney.

Fred L. Cook was appointed to fill the vacancy on the Board of Review caused by the death of Giltion Wilber. Delos Hamlin, Curt Hall, and Kenn Loomis were appointed to the Board of Appeals for three years terms.

EARTH NEAR SUN IN JANUARY, U-M ASTRONOMER SAYS

The earth approaches the sun more closely during January than during any other month of the year, Dr. Harold M. Losh, assistant professor of astronomy at the University of Michigan, has explained. The closest approach of our planet to the sun was reached on January 1 at 11 p.m., when the earth was about one and one-half million miles closer than its average of 93 million miles.

"Because of the decreased distance from earth to sun at the time of year when we have our coldest weather, our winters tend to be a little milder than those of the southern hemisphere," Miss Losh points out. "The southern hemisphere's winters occur in June and July, which is the period when the earth is farthest from the sun."

During the cold nights of January, four planets are visible to the naked eye between sunset and midnight. Venus rises first, accompanied by Mars and Jupiter and evening planets in the southwest sky. By the end of the month, Miss Losh notes, the three will be located close together, in almost a straight line. Saturn will be the fourth planet in this group, rising shortly before midnight at almost exactly the east point of the horizon. It will be the only bright planet visible from midnight until dawn except in the last days of January, when Mercury will become visible just before dawn.

If we deplete the fertility of the soil, we are robbing the next generation of its heritage.

EXCHANGE CLUB AWARDS GOLDEN FOOTBALL PINS

Fourteen Farmington High School varsity gridmen, all graduating seniors, were awarded the traditional golden football by the Farmington Exchange Club January 18. Master of ceremonies Dr. G. Franklin Weaver made the presentations after the players were introduced by coach Bill Nuss.

Also on hand were Farmington coaches Bob Burck and Bob Huttop. The 14 lettermen included George Hayes, "Smookey" Aschenbrenner, Jim Bates, Jerry Plum, Dick Alexander, Cliff Storey, Don Chang, Bob Sussner, Jim Mecham, Al Hallaman, Walter Mitchell, Bill Hanson, Winslow Zajdel, and Jerry Fletcher.

Following community singing led by John J. Schulte, Jr., and the presentation of awards, the club watched movies of the Rose Bowl game and heard a commentary by University of Michigan assistant coach George Gehlman.

Also at the meeting, president Max Hulet appointed Jerry Lint, Fred Davis, and Roy Smith to a committee to inquire into obtaining real estate for the club. C. V. Harrison, Frank Steele, Curt Hall and Ray Fendt were appointed to a committee to consider Freedom Shrines.

**THE THING ---**

What is it? It's a big question. Now it's like this. We've got a back room full of tree ripened oranges fresh from Florida and believe me, they are tops — and the thing is we dunno whether to sell 'em 5 lbs. for 39c and we'll bag 'em up — or sell 'em 3 dozen for a \$1.00 and you bag 'em up. If you want really grand oranges come on down — and we'll sell 'em either way you want 'em — by the lb. or by the dozen, but be sure you get some. You'll be sorry if you don't. You'll be kinda sorry, too, if you fergit to git 2 cans of those Quaker sugar melting peas for 35c. The peas are little ones and sweet ones — the oranges are big ones and sweet ones — and the flour what we got on sale is in big bags and little bags — but it aint sweet — it's Gold Medal. You can git 5 lbs. for 49c or 25 lbs. for \$1.95. Now if you happen to see a 25 lb. bag of Gold Medal flour jest going right out our door — look down and you'll see some feet moving. Them feet belong to our boy Tony and the bag of flour jest about covers him up — but he's a good kid — doncha think?

FLASH — eggs dropped in price again! To go around those nice fresh eggs we're gonna have some of our own bacon fresh outta the smoke house this week end. We've also got that sausage with meat in it fer 59c a lb. that the guys here make with their big ole hands. Hey — how about a meat loaf with that sausage and some fresh ground beef for 67c a lb.? That's all meat too — no bones. If you want bones we've got short ribs of beef but they've got meat on 'em. Aint that disgustin'! — short ribs with meat on 'em fer jest 45c a lb.??
