Blue and Gray Chosen As Junior Class Colors

The Juniors have chosen blue and gray as their class colors and Bachelor Burton as the flower.

The committee headed by Alan McFarland chose three possible color combinations with matching flowers for each combination.

The class voted on these last Friday. C. G.

LETTER TO THE EDITOR

Dear Editor:

A few weeks ago the Blue and White submitted a group of questions to some of the Farmington students. They actually showed that on the whole we knew too little about world affairs today.

It is my sincere belief that it is good to have an understanding of the problems we have to face. With such questions we can find out some of the things we do not know. Then with the cooperation of our teachers we can learn about them.

I hope that you will continue these points in the future. Surely we can then start on the path toward a better understanding of our world and its peoples.

Band Members Compete For First Chair Positions

After recent competitive tryouts for new chair positions in the Farmington Band, the results are as follows:

Clarinet section: Janet Sowers challenged David Mitchell. Mitchell kept his position. Jack Phelps challenged Richard Jones. Jones also kept his position.

Saxophone section: Dick Bowers challenged Jerry Delling. Bowers took this chair.

Coronet section: Charles Wadyke challenged Leon Fulks. Wadyke won this position. Rodney Layton challenged Bob Spencer. Bob kept first place.

The judging was based on the playing ability of each student. S. M.

Pieron Sets New Record, Three Hundreds Still Lead

Rita Pieron, who set the record for high single game with a 183 score two weeks ago, went all out Wednesday, January 17, and rolled a 200 game to break her record, and to set a new one in the Girls' Bowling League. Alice Miller bowled a 169 for second high.

As the first half of the bowling year ends, the team standings are virtually unchanged. The Three Hundreds still hold top position, with the Four Leaders running a close second. The Rolling Pins and Scatterin' Skirts are battling for third place. The Never Strikes are fourth and the last place is held by the Flinders. G. P.

Waters' Team Wins, Seniors Still Lead

The Juniors suffered their second defeat of the season as they were downed 9-6 by Waters' Sophomores in the G. A. A. meeting on Wednesday. Waters took high point honors with five points.

The Seniors had little trouble winning their third straight as they best Gardner's Freshmen 20-4. Rita Pieron was high point man with 11 points.

In the last game of the evening Aho's Freshmen lost to Schlotterbeck's Sophomores 25-20. Trailing at the half 15-8, the Freshmen bounced back into the game and nearly pulled an upset. They outscored the Sophomores 17-9 in the second half.

Anna Lee Brown made 14 of the Sophomores' points, while Nancy Lutz and Sylvia Bates each made eight points for the Freshmen.

JUNIORS PICK HART COMEDY AS SPRING PLAY

The Class of '52 has selected as their Junior Play, "You Can't Take It With You", to be given April 14. Written by Moss Hart and George S. Kaufman, the comedy tells the story of two contrasting families.

The Sycamores, an average American family, believe that money is earned to be spent and that you can't take it with you. Included in this household is Grandpa, a man who doesn't believe in paying income tax, hasn't in the past 50 years, and doesn't intend to. His hobby, inventing bombs, adds a bit of color from the cellar.

The Kirbys, however, are rather unhappy because their money causes them a lot of worry. Mr. Kirby, a Wall Street banker, has developed ulcers from all his troubles.

These families come in contact with each other when Tony Kirby falls in love with Alice Sycamore. This develops the plot of the play. S. L.

Can you put a price on the smile of a child? Is it worth a dime every time you pass one of the MARCH OF DIMES canisters?

Join your friends and neighbors in the fight against Infantile Paralysis. Help our boys and girls and grown-ups, too, to keep smiling and walking. Your dimes and dollars are urgently needed for treatment of polio victims and for research towards prevention of this dreaded disease.

One half of the money contributed in Oakland County remains here for treatment of polio patients in this area. Polio has struck here — it may strike again — and it might be you!
