April 6 is given as the date when the matter will be settled by the county taxpayers.  
On last Wednesday evening a 1 along the Grand River road, residents viewed with interest, through field glasses and other paraphernalia, what was practically a total eclipse of the moon. The night was one of the clearest of the year and those living in this vicinity got an excellent view of the earth's shadow passing across the moon. The eclipse commenced shortly after 8 o'clock and continued until nearly midnight. It is estimated that all but a twelfth of the moon was invisible shortly after ten o'clock, when the eclipse was at its height. It made a pretty sight and one not often discernible.

### Farmington Guild

The Farmington Guild held its regular monthly meeting at the home of Mr. and Mrs. W. P. Payne last Monday night. After a very spirited business meeting the usual entertainments of the evening were enjoyed. The committee served sandwiches and coffee and kept those present busy with their fund of amusement.

Watch the Guild. It is becoming a society of broader work and higher ideals. The next meeting will be the annual meeting and if you are interested come and give them your aid.

### Grand River's New Road

Among the roads to be built this season by the Wayne county road commission is the stretch of macadam on the Grand River road hit.

near Detroit. This piece will be replaced with cement which will be good news to the people out this way. Now when the city completes the paving on its portion of the road nothing will be left for us to complain about so far as the Grand River road is concerned.

There are few roads in the country that are subjected to more heavy traffic than old Grand River and when it is made good over every foot leading into the city it will be a boon to this whole community.

We understand that Farmington is to be favored with an entertainment given by the Minstrel Concert company of Redford. They played two nights to crowded houses at home and made a big adam on the Grand River road hit.
