SUNSHINE LADY:

Girl Scouts Give Eight Boxes Of
Cards For Sending To Shut-Ins

Saturday morning eight boxes of beautiful cards for me to send to folks needing them arrived as a gift from the Livonia Girl Scout Troop 1, 3215 Eight Mile Road, Farmington. I can never tell them how happy I was to get them — I was completely out.

Some will be sent to Mr. Clayton Carney at the TB Hospital, Howell, Michigan. Mr. Carney is very lonely.

Others will be sent to Mrs. Myrtle Clark, 491 S. Broad Street, Holly, Michigan, and Mrs. Estelle Hunter, 1552 Peltan Drive, Route 9, Pontiac, Michigan.

Next Wednesday will be the first day of spring. With its coming, perhaps it will bring an end to this flu epidemic we are having, including myself and Eddie. Word comes from Texas that son Allen

has been laid up with it. Also comes word from Denver, Colorado, that son Paul must soon undergo another serious operation on his leg. If this operation isn't successful, it means that his leg will have to be removed. Doctors give him little hope. My greatest wish is that I could be with him at this time.

Saturday, March 17, is the Girl Scouts' birthday.

This Farmington boy has been overseas several years and would enjoy hearing from some of the folks back home: Corporal Thomas W. Stamper, RA 1626747, Mesa Steward, Stardust Mess, Hq, Camp Kakura, APO 3, c/o Postmaster, San Francisco, California.

Little Patty Murphy, 1355 Lorraine, Route 8, Pontiac, Michigan, is ill and would enjoy some mail. Pat Martin, AlyceKay Road, will enjoy a birthday on March 17.

Do send a St. Patrick's Day card to someone who may be needing cheer.

The Sunshine Lady

Route 9, Pontiac, Michigan

LEGISLATURE MOVED
U-M TO ANN ARBOR
IN MARCH OF 1837

University of Michigan alumni clubs across the nation will be holding meetings during March to mark the 114th anniversary of the establishment of the University at Ann Arbor.

This will mark the fifth annual celebration of University of Michigan Day. The official date is March 18 since it was on that day in 1837 that the Legislature of the newly admitted state of Michigan passed "an Act to provide for the organization and government of the University of Michigan."

This act established a Board of Regents and stated that the University should consist of a "department of literature, science and the arts," a "department of law" and a "department of medicine." Two days later, on March 20, 1837, the Legislature passed another act that located the University in Ann Arbor. The University also claims another birthday, August 25, 1817, when the "Act to establish the Catholicolementary University of Michigan" was adopted by the governor and Judges of the Territory of Michigan. The University was established in Detroit. However, the Michigan Territory was not yet ready for education at the college level and during its stay in Detroit, the University maintained only an elementary school and an academy.

press, no churches, no parliament to exercise a check rein on the Kremlin, the only way to prevent a precipitous declaration of war is in contact with the people of Russia.

This fact is, of course, the chief reason for the iron curtain. The Kremlin's greatest fear is that the Russian people will get too friendly with the outside world.

Secretary Marshall, at that time, favored making a speech in the assembly of the United Nations regarding Moscow to remove the iron curtain and permit free intercourse between the people of Russia and the outside world. It was suggested that after such a speech was made, translations in the Russian language could be dropped behind the iron curtain—by weather balloons if necessary. The speech wasn't made.

SENATOR WHERRY'S TOAST

Before French Premier Rene Pleven returned to Paris, he attended a stag dinner at the French embassy where he sat directly across the table from Sen. Ken Wherry of Nebraska, the arch foe of European aid.

Throughout the meal, the French premier and the Nebraska isolationist chatted pleasantly about past experiences. Pleven told about visiting Nebraska as a youth, and spoke glowingly of Nebraska's beef cattle.

Wherry responded with a story on himself. He recalled that, as state GOP chairman, he had made a political barnstorming trip across the state. As he moved from town to town in southwest Nebraska, he came upon a small community that had received no advance word and wasn't expecting him. Nevertheless, he rounded up the local Republican leaders and arranged a pep rally that night. As he went into the hotel about the Nebraska GOP ticket, however, he got a cold reception.

There was an exchange of whispers with the local leader, and the red-faced Wherry discovered he had wandered across the border and

Robert W. Miller
Candidate For Degree

Robert W. Miller of Farmington is one of the 512 Michigan State College students who are candidates for degrees at the end of the winter quarter, March 20. Miller will receive a Bachelor's degree, included in the total are 74 candidates for advanced degrees, and 438 eligible to receive Bachelor's degrees, according to Robert S. Linson, registrar. Arrangements for informal graduation exercises are being planned. These students will also be eligible to participate in the college's June commencement program.

Miller, who was mistakenly arranged a rally in Colorado.

The French premier laughed heartily, and soon the two were talking back and forth as if Wherry were an ardent supporter of aid to Europe. When it came time for the traditional toasts, all drank to success of Franco-American relations and the French aid program.

Finally it came Wherry's turn to lift his glass and turning to Pleven, he declared:

"Mr. Premier, I may ask a lot of questions. But I want you to understand that I am in favor of helping the French."

DIET RESEARCH
MOVIE BEING MADE
AT MICHIGAN STATE

Work on a documentary film showing research in the MSC department of foods and nutrition has begun at Michigan State College, according to Dr. Margaret A. Ohlson, department head.

The 15-minute film will be made by the Jan Handy Organization, Detroit, for the National Dairy Council. It will show "before and after" views of a special research project in weight control through diet, Dr. Ohlson said.

More than 40 MSC students, physicians, and Lansing area citizens will participate in the film. Dietetics, medical, and educational personnel will use the film for teaching purposes when it is completed.

The "before" part of the film is being produced now. It will be combined with the "after" part of the film when it is done in May, Dr. Ohlson said.

Dr. Ohlson, who received the Borden award for nutrition in 1950, said MSC is one of the few colleges in the nation doing extensive research into the problems of weight control.

From where I sit... by Joe Marsh

Watch Out For
The "Blind-Spots"

Stopped by Squint Miller's farm the other day and saw a vinegar bottle in his kitchen with an oversized cucumber inside it. The cucumber filled the whole bottle.

"What's a cucumber doing in there?" I asked him. "That's my 'blind-spot' reminder," says Squint. "My grandmother kept one in her kitchen to remind her to take stock of herself now and then."

"I slipped that bottle over the cucumber when it was just starting to grow on the vine," he went on. "And like certain viewpoints,

not noticed, it just grew and grew — now it's there to stay."

From where I sit, we could take a cue from Squint and watch for our own "blind-spots" and prejudices before they grow too big to get rid of. We've got to respect our neighbor's right to his preferences... preferences for a certain make of car, a favorite movie star, or a temperate glass of beer after work. We can't be tripped by any blind spots if we keep our eyes—and minds—open!

Joe Marsh

An Electric Range helps the
Robert Youngs stay young

"Feed him well" is one of woman's oldest wiles," says Mrs. Robert Young, "but it always works—and it's a lot easier with the help of a new Electric Range and all its modern improvements. Now, instead of your standing over a stove, the range does the watching for you. I can put my husband's favorite meal in the oven, set the automatic controls, and forget it."

You, too, can enjoy modern electric cooking. It saves money, time and trouble. Stop in and find out how!

ROBERT YOUNG
Starting in "FATHER KNOWS BEST," heard over NBC Thursday nights came to camera.

HAM-YAM CASSEROLE

1 1/2 cup sliced green pepper
2 tablespoons butter or margarine
1 can condensed mushroom soup
1 cup milk
1 tablespoon ground onion
2 eggs well beaten
Cook green pepper in butter or margarine about 3 minutes. Combine soup and milk and onion, pepper and mustard. Blend soup and milk and onion, pepper and mustard. Add to soup mixture and mix well. Add green pepper and ham. Turn into casserole and bake with fluffy ring of mashed yams. Bake in moderate oven, 350° F., 30 minutes or until heated through and lightly browned. Yield: 6 servings.

Look what the Smart Money's buying

Now that the 1951 offerings of the motorcar industry have had a chance to strut their stuff, we ask you—can there be any doubt which is the really smart buy?

If you want a "new look"—Buick has it. That sturdy push-bar forefront says "1951" to all who see it—and provides unsurpassed front-end protection to boot.

If you want power that you can live with through many moons to come—Buick has that too. Years of expert engineering have made Buick's thrill-packed Fireball engine just about as dependable as a power plant can be.

If you want features that combine present pleasure with long-time durability, consider this:

Buick's level-going ride stems from coil springs on all four wheels which are virtually break-proof and never need servicing.

Buick's Dynaflo Drive* takes the

*Standard on ROADMASTER, optional at extra cost on other Series.

strain out of every mile of driving—and pays off by eliminating any need for friction clutch repairs and replacements, by reducing engine and transmission upkeep, and lengthening life of tires.

If you want room and comfort and handling that make any trip a breeze—there's no simpler way to find them than to take over a '51 Buick SPECIAL, SUPER or ROADMASTER—relax and enjoy yourself.

And if you want all this at a minimum outlay of dollars—one look at Buick prices will settle this point.

So the smartest thing you can do is get in touch with your Buick dealer. How about doing that right now?

Equipment, accessories, trim and models are subject to change without notice.

NO OTHER CAR
PROVIDES ALL THIS:

DYNAFLO DRIVE—saves strain on driver and car
FIREBALL POWER—high-compression, valve-in-head engine gets more good from every drop of fuel
PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection
WHITE-GLOW INSTRUMENTS—greater clarity at night
TORQUE-TUBE DRIVE—steadies ride, improves driving control
4-WHEEL COIL SPRING—cushions ride, saves servicing costs
DUAL VENTILATION—outside air fed separately to right or left of front compartment
SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drum
DREAMLINE STYLING—louvered, car-length fenders, gleaming sweepers on most models
Plus: Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rim, Hi-Poised engine mounting, Body by Fisher
