## SUNSHINE LADY: Wants Easter's Church Attendance Repeated Every Week Of The Year

On Easter Sunday, all churches were packed to their very fullest. How wonderful it would be if Easter were to come every Sunday. I have often wondered what good people get out of just attending church on Christmas and Easter. For those who attended church on Easter for the first time in a long time, it is my wish that they felt the need of attending church next Sunday and all the Sundays to come. For a better tomorrow, we must all have mercy upon the nations and peoples of the world. We must pity those who are

wrapped in spiritual darkness and ignorance. Little Mary Hanger is in need of mail to cheer her shut-in hours at Mt. Carmel Hospital, West Outer Drive, Detroit 21, Michigan. Although blind and in her 60th year, Mrs. Elizabeth Russell, 1536 Walnut, Route 8, Pontiac, likes to get friendly mail.

James Marshall is confined to Veterans Hospital, Southfield and Outer Drive, Dearborn. Why not drop him a card?

Mrs. Mary Avery, 707 Flowerdale, Ferndale 20, is unable to return to her California home due to a stroke. She is the aunt of Mrs. Kubic of 11 Mile Road.

Mrs. Fern Griffin, Alyce Kay, Farmington, will celebrate a birthday on April 2. On April 16, Mr. and Mrs. Floyd Griffin of Alyce Kay will celebrate their 41st wedding anniversary. Remember those dates and send a friendly card of congratulations. My own birthday is April 1.

Mrs. William Klingenberg, Jr., 1924 Sarasota, returned home last week and after surgery at Mt. Carmel Hospital. Mrs. Robert Schwartz, 1941 Garfield, and son Peter are both just home from the hospital.

## WASHINGTON MERRY - GO - ROUND

than the winter barley fields and the long, long barbed wire extending north.

### PRISONERS ESCAPE

A herd of water buffalo grazed in the distance. They did not know the difference between communism or democracy, between Russianized Bulgaria or Turkey—to which the Truman doctrine is supplying arms and Marshall plan aid. They only knew that the grass was just as green on either side.

"Sometimes," remarked Captain Seckin, "sheep or buffalo get under the wire and cross to the Bulgarian side and the Communists shoot them. Our farmers get no chance to herd them back." Sometimes, also, I learned, Bulgarian political prisoners sneak through the barbed wire at night to give themselves up to Turkish authorities. This happens at the rate of two or three times per month and they tell a story of harassment and political suppression in what once was a relatively democratic country.

Climbing down from the watchtower we moved closer to the iron curtain to the second Turkish building. This one was just six feet from the gate separating the two countries.

On rare occasions an official with a properly vised passport is permitted to pass through this gate and customs officials are kept on the Turkish side to handle such transits. We sat down in the cafe from the gate to drink coffee with the customs officials. The weather was cold but the sun was warm, and I pulled my chair out onto a stone platform in the sun. I was in full view of the Communist guards peering down through rifle slits at their watchtower fifty feet away. I don't know and never will know what they thought of the stranger—the civilian dressed in western clothes who sat and drank coffee just below them.

I don't even know whether they recognized me as an American but the Turkish guards, who watched them from the tower with their field glasses, reported that, on the opposite side of the iron curtain, there was more scurrying and more frantic telephoning back to their headquarters.

However, the sun was warm and the coffee delicious and we lingered talking about the days when the army of Sultan Bayezid battled with the armored knights of the Polish king and the grand marshal of France.

Use of prison labor on work projects on state lands started three years ago. At present, there are five work camps in the state parks and one in the Cusko game area in the upper peninsula.

## POLICE REPORT SHARP INCREASE IN ROAD DEATHS

Traffic accidents took the lives of 139 persons on Michigan streets and highways during the month of January. It was the highest toll for that month since 1942 and an increase of 22 per cent over the 105 persons killed during the same month last year.

The figures were revealed in the State Police monthly statistical report, which also showed sharp increases in injuries and reported accidents. The upward trend has prevailed since May of last year.

There were 3,521 persons injured in January, an increase of 405 or 13 per cent over the 3,116 injured in January of 1950. Accidents totaled 15,645, an increase of 3,489 or 29 per cent over 12,156 a year ago.

The sharp rise in deaths was attributed largely to collisions between motor vehicles, collisions between motor vehicles and trains, and run-off-highway accidents.

Estimated travel in January was

## Invite Public To Deer Yard Inspection

Sportsmen and others desiring to see deer yard conditions first hand are invited by the conservation department to make inspection trips on April 8.

Two department - conducted tours of winter starvation areas will begin at 10:30 a.m., one starting at the M10 district headquarters and the other at Shoppensgrove Inn at Grayling.

Persons planning to go are advised to bring waterproof footwear, comfortable field clothes, and a compass if possible. Some may want to bring cameras to get picture evidence of the results of an overbrowsed deer range.

1.75 billion miles, a gain of 17 per cent or 250 million miles over the 1.5 billion miles traveled during the same month last year. The death rate of 7.9 per 100 million miles of travel was up 13 per cent over the rate of 6.97 for January of 1950.

## Big step up

that's easy to take!

You have to hand it to Buick engineers. What they've done to this 1951 SPECIAL is nothing short of a minor miracle.

They've stepped up its style with a brand-new body, an eager new thrust-ahead look, a gleaming new push-bar forefront that's as ruggedly protective as it is stunning to see.

They've stepped up the smartness of its interiors with the smartest fabrics that ever graced the interior of this Buick Series.

They've stepped up the safety, by the sharp new clarity of white-glow instrument markings more easily read at night.

They've stepped up the power to the highest ratings in SPECIAL history—

120 horsepower with Synchro-Mesh transmission, 128, with Dynaflow Drive.

They've come up with a car that's new in everything from the ground up—and a price that's the best news of all. So, if you've been toying with thoughts of buying a lesser car—better come in and see how easy it is to step up to this thrifty marvel.

Equipment, accessories, trim and model are subject to change without notice.
