Promptly as per schedule, the Democratic caucus was called to order in the town hall Saturday afternoon and placed in nomination a complete ticket, and one composed of first class men, who are going to prove vote pullers, according to their friends and supporters.

This places two tickets in the field, as the Republicans also nominated a strong ticket the preceding Thursday.

SMALLPOX IS IN VERY MILD FORM

Northville in Grip of Quarantine Several Families are Quarantined

During the past two weeks our neighboring town of Northville has been afflicted with more or less of a smallpox scare, and while the disease does actually exist there it is said to be in such a mild form, that no serious results are anticipated.

The subject has been more or less under discussion in and around Farmington and in fact throughout the county for the past couple of weeks and has occasioned some alarm.

At the present time there are four families under quarantine and no serious cases prevail in any of these.

However, the health authorities have been taking no chances, and have taken the precaution to close the churches, theatre, pool halls, and to place all public places under health law rules.

It is generally conceded and hoped that the affection is well in hand and no further cases are expected to develop.

The members of the Junior or '15 class of the local high school, planned and executed a very pleasant surprise on their classmate, Miss Local Osmus, at the home of her mother, Mrs. Minnie Osmus, last Tuesday evening, the occasion being the young lady's birthday anniversary. The entire class participated and enjoyed a very pleasant social evening. Light refreshments were served during the course of the evening, the party breaking up at a late hour.
