Three-fourths of the nitrogen and phosphorus, nine-tenths of the potash and two-fifths of the organic matter in feed later turns up in barnyard manure. It's a valuable source of fertilizer and should be properly cared for.

**Paving Project**  
(Continued From Page One)  
be resurfaced. The north side of the boulevard from Marlene Street to the Cut-Off was resurfaced last year. Completion date for the project has been set for October 1.

Curling along the entire distance has been repaired or replaced in preparation for the new surface. Work on the curling was completed in the City of Farmington last week. The Cooke Contracting Company of Detroit is in charge of the project.

Work has been completed on the resurfacing of Farmington Road from Eight Mile Road south to Plymouth Road in Wayne County. The project of resurfacing Farmington Road from Grand River to Eight Mile Road in Oakland County has been turned over to the State Highway Department for the securing of bids. The road is expected to be resurfaced before winter.

**Officers Turn Teacher**  
For Fine Points Of Law

Police officers are instructors, too, according to the blotter of the Farmington police. While officer Jay Harrison was writing a summons at the corner of Truck Road and Grand River last Monday, a car left a nearby drive-in and made a fast pass at the police car, swerving at the last minute.

After another similar pass, made to the delight of a group of boys at the drive-in, officer Harrison apprehended the driver and called State Police. The driver, Ray H. Jakaski of Detroit, wanted to know how the city police could stop him when he was out of the city. The report stated "State told him how, \$5 fine and \$10 costs. Officer Harrison signed reckless driving complaint."

Eric Rudberg, 9, is home from the hospital after breaking his elbow. Although he will be confined to his home for a while, he is welcoming visitors at 2554 Maple.

**New School Bus**  
(Continued From Page One)  
pending the outcome of an application from the District to the Federal Government for an advance of \$8,800 for planning and architect fees. The application was filed several weeks ago. As soon as the application has been approved, the architect can begin preliminary plans for the new school.

Louis Schmidt, superintendent, stated several weeks ago that

there has been a 5 1/2% increase in children of school age in the District based on the 1951 school census. The Board of Education has already authorized half-day sessions for the first and third grades in September with the possibility of another grade being added to the list. Officials pointed out that the half day sessions are necessary because of lack of classroom space.
