That buzzing in your ears isn't serious, folks. It's all the building that's going on around List Street this summer. Monday morning a big bulldozer started excavating for the Edward Shafer's new home, next door to the new house that is going up to fit the Walter Peet's dreams. Just around the Middlebelt - List corner, high on the hill, another house will appear soon. The basements excavation has been completed and we'll have for their news for you next week. At 29217 List Street, the Charles Grose family will soon acquire a new living room, large enough to accommodate their growing needs. Mr. Grose, who already has made their home an attractive place, will be doing the work himself.

Another reason for the buzzing was the stork's wings that brought through our vicinity twice last week. Glen and Susan Anderson of 29222 Eight Mile Road are beaming about their son, Paul, who arrived early Thursday morning, August 9. A real bouncer, he weighed 9 pounds 7 1/2 ounces. The Andersons came here as newlyweds a year ago. Visiting them just before the baby's arrival were Glen's mom, Mrs. Helen Anderson, and his sister, Mrs. Milton Lander and daughter Linda, all of Indianapolis.

A second son arrived August 6 to make life even more lively for the John Vandenberg residence on Piedmont in Detroit. Mom is the former Joyce Beach who lived at 21110 Middlebelt Road while attending Greenacres High School. Their other son, Roland, was two years old in April and his little bro-

ther, who lacked just a quarter ounce of being an eight pounder, has been named Gary Michael. His grandmother is Mrs. Emily Beach, who now lives south of our neighborhood on Clarissa. She has become a grandma ten times now.

By the time this appears in print, Little Miss Bandi may have come home. She's a pale blonde cocker spaniel, about a year old, and the much beloved pet of 10-year-old Michael Keller and his mom, Mrs. Anna Keller of 29222 Eight Mile Road. The Kellers had just returned last week end from a trip to Rondo Park, Ontario, where they visited her sister, Mrs. Jane Rouch and family. "Bandi" had been there to greet them but before the day was over she suddenly disappeared and hours of searching did not bring the dog home. Have you seen her?

Young, who is stationed at Fort Riley, Kansas. A radio technician, he has turned electrician in getting the camp back to normal. His wife and parents, the H. W. Youngs of 20841 Middlebelt, took his car as far as St. Louis, Missouri, the first week end of August. They spent three days sight-seeing with Harold, who returned to camp with his car. Travel conditions are very poor for the soldiers of Fort Riley since the floods took their toll.

Are there any artists in the crowd? If so, we could sure use a little neighborly helping-hand on some posters we've been appointed to make. We're just getting busling for the affair is just a month of the annual card party sponsored by the Town Club of Farmington. Any of you old-timers in the crowd who has an interesting antique that speaks of old Farmington, will you give us a ring? We have tickets to sell you, of course, for this September affair. Those who attended in the other years will tell you it's a date to circle on your calendar. All sorts of card games will be in progress and stacks of interesting prizes will be given, all donated by Town Club members. Set

"Why Our Family owns 13 Dodge cars!"

"I was first in our large family to own a Dodge," says Frank Perotti, Woodbridge, Conn. "But it didn't take long for the rest of the Perotti family to follow suit. Yes, once they saw my Dodge, rode in it,

compared it with the cars they were driving, they all began to swing over to Dodge. Today our family owns 13 Dodge cars and 11 Dodge trucks... and that's saying plenty for Dodge value and dependability."

You could pay up to \$1,000 more and not get all the extra room, riding comfort and famous dependability of Dodge

ONCE you get a taste of Dodge roominess and comfort... once you see Dodge bigger dollar-for-dollar VALUE... your good judgment tells you that here is the car for you and your family!

New Riding Comfort

Today you want a car that's built to last... one that saves you money mile after mile. You want comfort, too. You want a car that protects you from bumps and jolts—even over back country roads or de-tours. With the new Dodge Oriflow Ride, bumpy roads, ruts and chuck holes magically melt away. Wheels stay on the ground... no wheel "hop"... no back seat bounce. You literally "float" down roads that stop other cars!

Don't Take Our Word

Get behind the wheel. Feel the relaxing comfort of Dodge knee-level seats. Note the extra head room, elbow room and shoulder room. Sample Dodge easy handling, in traffic and on the open road.

Then judge for yourself. See if you don't agree that you could pay up to \$1,000 more for a car and still not get everything today's big Dodge gives you.
