Washington Merry-Go-Round

By DREW PEARSON

(Continued from Page Two)
energetic national committee executive director, in a private meeting the other night.

The tall, lanky-eyed Hermann, once the biggest ballplayer, confided: "We won senate seats last year wherever we took our gloves off. There were only two states we should have taken and didn't and that was because our nominees refused to punch hard—Missouri and Connecticut.

"Why," complained Hermann, "we had to bootleg speakers like McCarthy into Connecticut." The "prime targets" in 1950, he said, were Scott Lucas in Illinois; Francis Myers in Pennsylvania; Robert Thomas of Utah; and Millard Tydings of Maryland. Turning to Frank Smith, assistant to Sen. John M. Butler, who defeated Tydings, Hermann continued: "We did a beautiful job in Maryland and Utah, Frank. I don't see why the Democrats yelled so much about the composite picture in your campaign, when, by comparison with the anti-Thomas newspaper in Utah, your publicity was like a country gentleman's."

He referred to the fact that in Utah, a supposed "congressional reciever" with statements attacking Thomas as a pro-Communist was circulated to all mailboxes in the last hours of the campaign—so late that Thomas had no opportunity to reply.

"We all know Senator Thomas was not a Communist," Hermann explained, "but these tactics were necessary to balance the pseudo-liberal newspapers which were for him."

Pointing to Dick Cardall, administrative aide to Sen. Arthur Watkins of Utah, Hermann continued: "There's the fellow who gets a lot of credit for that victory. Senator Bennett (the Republican who beat Thomas) is very much indebted to him."

Midshipman Allen Visits Caribbean

Midshipman Frederick J. Allen, USNR, son of Mr. and Mrs. Norman Allen of 26611 Ambeth Avenue, Farmington, a student at the University of Michigan, departed from Norfolk, Virginia, Friday on a one-month cruise to U. S. and Caribbean ports.

The cruise is part of the Navy's annual summer training program for reserve officer candidates. Five ships of the Atlantic Fleet make up the training squadron that will visit New York, Colon, Panama and Guantanamo Bay, Cuba.

Dean Whitehead Gets Culver Appointment

Midshipman Dean A. Whitehead from Farmington was accorded one of the top military appointments in the Culver Military Academy Summer Naval School in Indiana recently when he was named to the office of Lieutenant (ag.). Dean is the son of Dr. and Mrs. M. E. Whitehead, 33200 Grand River Avenue.

Appointment was on recommendation of the Naval ROTC officers stationed at the academy, company counselors, and the administrative director of the Culver Summer Schools.

Mr. and Mrs. Albert Brown on Shiawassee spent Sunday with their son-in-law and daughter, the L. Dean Smith family at Manchester, Michigan.

New Star Cutter Building To Be Ready November 1

The Star Cutter Company building, started last spring, will be in operation about November 1. President Norman Lawton said last week.

The company manufactures milling cutters, hobs and various other metal cutting tools.

The firm, which began in 1927, will have approximately 120 employees when operations begin in the new plant. Located west of the city limits near Gill Road, the new building has 35,000 square feet of space. The company's present location is at 10404 Freeland Street, Detroit.

IT'S A GIRL!

Lieutenant and Mrs. Dean J. Hadcock announce the birth of a seven-pound six-ounce girl, Ann Kathleen, Monday, August 5, at Ann Arbor, Michigan. Mrs. Hadcock is the former Audrey Lathrop.

In 1950, oil marketers collected more than \$2,000,000,000 in gasoline taxes for Uncle Sam and the states.

They Like it a Million!

Last week Buick set a proud record. The millionth Dynaflo Drive* was delivered to a happy owner.

That's a new peak in popularity for modern drives which take you from a standing start to any cruising speed desired with a smooth, unfaltering swoop of power.

"The biggest advance since the self-starter" is what the motor-vehicle press called this Buick development back in 1948—and now a million owners can tell you

how right that proved to be. Here, they found, was a basically different way of delivering power. It was the first drive to get completely away from any gears which function in a series of fixed stages—the first to apply supercharging principles that did new tricks with spinning oil.

And how folks loved it! They loved the freedom from strain in traffic. And the new "sweetness" of ride which every passenger could enjoy.

They loved the command it gives them of every traffic situation—and the relaxation it contributes to a long day's drive.

They loved its extra safety in slippery going, and the improved control in mud and snow.

As they had a chance to pile up experience, they loved the unexpected savings of rear tire wear and reduced strain on all driving parts, from engine to differential.

And finally—they loved what it does for the value of a Buick, as

reflected in the extra dollars that Dynaflo* adds to the resale price of a car.

Have you sampled this driving sensation?

There's no time like the present for discovering the thrills that more than a million Buick owners already know.

Equipment, accessories, trim and models are subject to change without notice. Based on ROADMASTER, optional at extra cost on other Buicks.
