

SPRINGBROOK SCENES

MRS. HOWARD LEGG

It's nice to have a man around the house, so they say, but after having a sick man around for three days I'm wondering. It seemed there were three Sundays or holidays in the middle of the week. Anyway, we are glad Howard was able to return to work on Friday. "This disease bug" is certainly no respecter of persons, for it has attacked all ages here on Springbrook this past week.

Larry Kleiner, son of Mr. and Mrs. Adam Kleiner, was very ill with a temperature of 104 degrees caused by the flu.

Little four-month-old Billie Fran-

Etta Vandenberg are the past presidents of the Farmington chapter.

September luncheon - card party will be at the home of Mrs. Grace Aulen on Shawassaw Wednesday, September 12, with lunch at 12:30 p.m. Mrs. Fred Wilkinson and Mrs. Erwin Bollinger are co-chairmen. The mothers are asking you for your last year's Christmas cards to be used in hospital work. You may leave them with Mrs. A. C. Kahl, 2316 State Street or any Blue Star Mother near you.

Lucas looked like a little Indian with all those red spots from the measles.

All four of the John Gossner cliffed, Helen, Alfred and Johnny, have been complaining with the flu symptoms.

Mrs. Harry Rudy left suddenly to visit her new grandson in Plainfield, New Jersey. This is the first grandchild of Mr. and Mrs. Rudy and proud they are, too.

Mr. and Mrs. DeLong and their family left on Wednesday to visit friends at their cottage in northern Michigan.

Miss Shelby Jean Johnson has returned to her home in Lexington, Kentucky, after visiting her aunt and uncle, Mr. and Mrs. Paul Lucas of Long Avenue.

Mrs. Bergert, Mrs. Frich and her six-month-old baby from Minneapolis are visiting at the home of Mr. and Mrs. Gilbert Treweek.

Mr. and Mrs. Francis Burns and their three sons were week end guests in Montrose. They also visited their youngsters remained and will not return home until Labor Day, in time to start school.

On Wednesday evening, Mrs. Norma Respas (the former Norma Howe of our neighborhood), was honored at a shower for her expected baby, given by old friends, Mr. and Mrs. Charles Taylor with their daughters, Mary Ann and Mrs. Elizabeth Hill, are spending their summer vacation visiting relatives in Kentucky.

Mr. and Mrs. Gilbert Treweek, Jr., have returned to make their home in Detroit from New Mexico and are now visiting their parents on Westmoreland.

Mrs. Cora Remberger of Springbrook is spending all her week ends with her son and his family in Detroit.

The Carl Johnston residence was "vacation haven" this past week when Mr. and Mrs. Jack Johnston and family of Grand Rapids, Mr. and Mrs. Stanley Glidden and family of Alma, Mr. and Mrs. Diane Smith of Montrose and Mr. Peter Cherry were guests. To complete the week, the Johnstons took their sons Wayne and Dickie to spend several days with their grandparents in Montrose. They also visited friends and relatives in Grand Rapids.

Mr. and Mrs. James Craige and their children are temporarily living near Flint but will be back at Springbrook soon.

Mrs. Henry Harrison's parents and her brother and his family are visiting here from Denver, Colorado. On Sunday her parents were guests of honor at a surprise party held at the home of Mr. and Mrs. Gilbert Treweek in celebration of their 48th wedding anniversary, which fell on Wednesday. All of the neighbors were there to make it a happy affair.

Mrs. Irene Jones and her daughter Barbara spent the week end visiting with Miss Marion Damon in Lansing. Mrs. Jones' sister from California visited her and her family the first of the week.

The face of Springbrook Drive sure will be lifted with the completion of the ten new homes being erected by Mr. and Mrs. Clare Grubbs. They sure are in demand and the first one sold before half completed.

Practicing up for the bowling season on Sunday afternoon were Mrs. Mahoney, Paul Lucas, Jr., Irving Merrifield, Howard Legg and Maurice Wilcox. They will bowl on the Earl Vivier team in the Shop League at Farmington Recreation.

We are glad that Robert Sarnes was again able to spend Sunday

Camper Takes TV Set; Gets Poor Reception

It had to happen. Sleeper state park has a camper who has brought along a television set. The camper expressed his disappointment over the poor reception to park manager Edward Griglak.

Last year about this time at Ludington state park, a trailer camper squeezed in a piano.

with his family. He is at the Slater Kenny Foundation and we hope he continues to improve.

More good news is the fact that Francis Stolker is able to be at home from St. Joseph's Hospital. Of course, it will be a slow recovery but it's so much nicer to be in your own bed and with mother and dad.

My father, Mr. Paul Lucas, had an argument with a wrench and lost and now he has a very bad battle scar right between the eyes. Seams as though the wrench slipped and cut a very mean gash on his face as well as making him pick himself up from the floor after counting a few million stars.

Jefferson Jottings

By MRS. NORMAN MOORE
2719 Jefferson, Phone 2762-J

Congratulations are in order for Mr. and Mrs. Charles Noble on the arrival of their son. His weight being under five pounds, it wasn't possible for him to come home until Saturday, so now they are quite happy performing the duties of parenthood.

Saturday afternoon was a busy day for Kathy McAskin of Hawthorne Street as she celebrated her fifth birthday. The party took place in the back yard at a beautifully decorated picnic table. After gifts were opened and cake and ice cream were served, many games were played. Kathy's guests were Sandra Bushway, Tommy Conroy, Candy Garrett, Sharon Tomlin, Ronnie and Sharon Carroll, Patsy and Donnie Moore, her cousin Patsy and Larry McAskin, her two brothers Tommy and Mike McAskin and also Nareen Ostadick of Detroit.

Little Freddie Melsner celebrated his fourth birthday on Sunday while his folks celebrated their sixth

wedding anniversary. Many of his playmates joined in to make the day a big attraction. A beautifully decorated table attracted the attention of all and a grand time was had during the afternoon. His guests were Linda and Nancy De Baughon, Randy Lombard, Bonnie Boyd, Patsy and Donnie Moore, and Sissie Melsner. Both grandparents were also present. Mr. and Mrs. Thomas Hillman of Eight Mile Road and Mr. and Mrs. Fred Melsner of Eight Mile Road.

Six per cent or more of nickel, when added to chromium stainless steels, produces a series of improved corrosion-resistant alloys known as austenitic chromium-nickel stainless steels.

Blue Star Mothers

L. MCINTYRE

The Blue Star Mothers of America, Farmington Chapter 49, held their regular business meeting in the Town Hall Thursday, August 16, at 1 p.m.

The Southeast District meeting will be held in the Veterans Memorial Building in Detroit on Thursday, September 6, at 10 a.m.

Every Blue Star Mother is urged to attend this meeting if at all possible because this is the first meeting for our district this year.

Ann Clumfoot of Port Huron, First Vice President, will be chairman.

The Annual Past Presidents Club for the Department of Michigan will hold their installation of 1951-52 officers on September 11 in Lansing. Mrs. Margaret Mitchell, Mrs. Sarah Hopkins, Mrs. Lettie McIntyre, Mrs. Lucille Lingley and Mrs.

ROLLING DOWN THE RIVER

By Bob Kettler

There is a man we know, who drops around the garage occasionally for a bit of conversation and as he has always proved to be pretty honest in spirit, we believe him when he tells us that he is a lover of birds and that he around his mainline bird baths and feeding platforms and other incidentals in the back yard. "Like a lot of humans, these birds," he told us, "once you've given them a hand-out they come back time and time again. Last fall, when the birds were on their way south and we were feeling pretty bad about their departure, a Martin, all set for the journey dropped in. He went to the feeding platform for the bread he thought would be a last minute snack, but instead selected two pieces of bread, deposited them on the ground, then searched around until it found a worm. Carefully taking the worm and the bread, the Martin made a sandwich and flew away. All set for the long trip." As we said, we believe this fellow, even though we don't think he is as good a host as he maintains, as from everything we learn, that feeding platform provides no mustard.

It's those little extras that count, whether you're feeding birds, building a home or making fine motor cars. It's those little extras in the Studebaker that make it the leader it is today. That extra power, extra comfort, extra miles per gallon of gas end up in more and more people driving Studebakers every year. You've no idea either, how thrilling a ride in the '51 Studebaker really is until you've tried it. Why not arrange for that demonstration today?

A bit of a bachelor came in the other day to have the boys in the shop give his Studebaker a shot or two of lubrication. "There's really nothing like a visit to the lake in summer," he tells us, "just to see if there is anything worth wading for!"

Incidentally, how tough has traffic been on your car's fenders? It just so happens that we have one of the best scratch and dent removers in this part of the country. He'll be glad to provide your car with that long lost new car look.

Fellow told us the other day that borrowing money wasn't what was embarrassing him. It was constantly running into the fellow he borrowed it from.

Yours,
BOB KETTLER
