Devoted to the upbuilding of Farmington and Oakland County

Get your club—'swat the fly' season is about here.

It's easier to kill one fly now than a million a little later.

The proper season for "killing umpires" arrives next Tuesday.

Several New Year's resolutions were revived election day. The bar was closed tight.

One thing about muddy weather is that you've got a good excuse for not having your shoes shined.

Some fellow has just figured out that the biggest difference between Farmington and Detroit is 25 cents—Fares please.

We herewith give due warning that there's "nothing doing" in the job printing line next Tuesday. We're going to the game and "nuthin' kin stop us."

Thos. McGee will now have the aid and cooperation of Carl F. Hutton in keeping the Democratic party in the straight and narrow path. According to the vote they won't be very busy either.

If you're figuring on getting married come in and consult the editor. We've just received a fine new line of engraved wedding announcements. "You furnish the girl, we furnish the stationery."

With all this talk about fighters, have ball players, etc., and their respective abilities in being able to "come back," they haven't got anything on Miss Winter and "The Beautiful." See Monday's weather report.

The D. U. R. bulletin calls attention to the fact that Interurban cars will soon be placarded with the familiar "To the Wildflowers" sign. We're not caring about the signs, what we want to see is the flowers.

With due regard to the intelligence and good intention of Farmington voters, we say it is a shame that the county hospital proposition was defeated in this township by a majority of 35 votes. The proposition only called for \$6,000, and this to be divided among 25 townships or about \$240 each, in fact only a few cents to each voter. Looks like the eagle was about "ready to yell" right-out loud.

T. H. McGEE

The writer has finally ascertained the political sentiment after asking half the prominent men in town. There were 111 straight Republican ballots cast at Monday's election and 58 Democratic. That means 59 Democrats, anyway.

The Democratic party in power has't made the crops any more bounteous and neither would a Commercial club in Farmington increase the number of potatoes to the bill—it might, however have a tendency to make more hills.

A few days ago, and within the past two weeks, no less than four women called the editor on the phone, asking us to urge women to get out and vote in favor of the County Hospital proposition. After the polls closed we find that only one woman had cast a ballot. "Consistency, thou art a jewel."

Guess somebody reads the Enterprise as no less than five men have stopped us on the street during the past week and informed us that we had their names wrong, and intimated that in addition to "fat," our heads contained a large quantity of "bone." There are times in the lives of most men when they would just as soon the reporters were out of sight or that they WOULD spell their names WRONG. Get us.

We used to think that pulling teeth was the worst operation on earth, but we've changed our mind. Ever try putting through a long distance call. We did and have. All you have to do is to turn the crank, jerk the receiver off the hook (three or four times), listen, hear a sweet (?) voice ask your name, party called, where you live, when you were born, whether you expect to live long, and maybe the color of your eyes. They also ask your number, and it is generally "23" and you're supposed to "skiddo" for about an hour and a half. Out west the Bell company call themselves "The Corporation Different," and the people who live there have the Lord to thank that it is "different" from this. Yes, we're sincerely glad that most of our telephoning is confined to the local district and office.

Reception for Newlyweds

Mr. and Mrs. Roy Hutton, newlyweds, and prominent here and in Detroit, were given a reception at the home of the groom's parents, Mr. and Mrs. J. W. Hutton, last Thursday evening, the young couple having wedded in the south Friday, March 20.

Sixty of their most intimate friends were in attendance at the reception, which was a very pretty affair. The house was prettily decorated, palms and spring daisies being profusely used.

The evening was a delightful one and a buffet luncheon was served during the course of the evening.

Many out of town guests were in attendance, as well as a number of Mr. Hutton's co-workers at the Detroit Free Press.

The young couple returned to Detroit the following day, where they will be at home to their friends after April 15.

Hospital Proposition Carries

Oakland county will spend \$6,000 in the construction of a county hospital, and members of the poor commission are highly jubilant, and announce that the work will be started on the same at once.

The only regrettable feature of the announcement is that the proposition was carried only by a marginal 99 votes, there being 4,184 for, and 4,085 against. Pontiac city gave the majority of 729, but failed to carry in most of the other side townships.

The proposition was defeated once before, but is needed even more at this time than ever before. A county the size and of the financial ability of Oakland can well afford the improvement, and we for one are mighty glad it carried.

The tax to be imposed for its construction, divided as it is among the townships will hardly, if at all, be noticed by individuals.

Is New Postmaster

Press dispatches this week told of the appointment of W. H. Comstock to be postmaster at Folsom, California. The appointment only lacks formal confirmation to be come effective. In the meantime Mr. Comstock is arranging his affairs so as to be in a position to enter upon the duties the first of May.

Mr. Comstock had the backing of the Democratic party and of the best men of that party in seeking the postmastership. His appointment gives satisfaction to the business interests here and to the general public, as all feel satisfied that he is well qualified for the important duties.

Mr. Comstock was a former well known resident of Farmington and his friends here extend congratulations.

Attend Golden Wedding

Mrs. C. J. Sprague and Miss Electa Chilson were in Detroit last week to attend the golden wedding anniversary of the former's sister and husband, Mr. and Mrs. S. J. Springer.

Mr. and Mrs. Springer were married in Livonia township March 31, 1864, and Tuesday of last week forty relatives and friends celebrated the fiftieth anniversary of the occasion and witnessed the marriage ceremony performed by Rev. Willis A. Moore of the Church of Our Father. A bounteous four course dinner was served. This venerable couple have three sons, Clinton E., Harry E. and J. M. Springer, all of Cincinnati, O.
