WASHINGTON MERRY-GO-ROUND

(Continued from Page Two)

tion German youths into the western sector, giving them food, shelter and a sight of the vastly better living standards on our side of the Iron Curtain. But when the rally was only half over, orders came to close up certain youth depots. The food was confined to the party at the center and the State Department's budget was exhausted. Congressional Taber of New York, Cleveland of Ohio and other economists had pinched too many pennies and a great opportunity was thus snuffed out.

However, three-quarters of a million other youngsters never entered West Berlin. They braved the straw spread out in schoolrooms for them at night, put up with the poor Communist food and attended ballet programs, all for the sake of Communism.

AMI, GO HOME!
If you arrived early enough and flashed a White House press card, a U. S. Military pass or even a District of Columbia police pass, an American could get into the most popular and packed performance of all—the North Korean. Seeing the Korean show gave some idea of the propaganda barrage this youth congress was subjected to. The highlight of their performance was a scene opera in which a Korean mother, her child killed by Americans, is the heroine. The scene which really brought down the house was that in which she throws three grenades into an American camp. Three Americans then tear their clothes off and take turns beating her while she takes from her house the flag of the Peoples Republic. Then, just as the Americans tie her to a tree preparing to shoot her, a shot rings out and Korean guerrillas come to her rescue. The heroine then shoots an American officer at point-blank range.

At this point, the audience goes wild: there is 20 minutes of applause; the Korean actors get curtain call after curtain call to embrace the embarrassed but happy Korean orchestra leader. The audience then leaves, chanting, "AMI, GO HOME!"—the slogan of decision for Americans thrown at us from the Adriatic to the Baltic.

This is a sample of the propaganda drilled in on the youths at the rally and there's no use kidding ourselves about its effect. WEST POINT FRINGS. The cheating of the 50 cadets at West Point was played up in the European press.

The man in the street didn't pay much attention to it. But among top-level Europeans and the many Americans over here, there was considerable reaction.

As one American, now able to get a long-range view of his own country, it seems to me that we have experienced a dangerous moral lapse in recent years.

To Get Chest V-Rays

More than 5,000 Great Lakes merchant seamen will have their chests x-rayed as their boats pass through the Sault Ste. Marie Locks between Michigan and Canada during September and October, the Michigan Department of Health announced recently.

CUB SCOUTS HOLD FIRST MEETING TONIGHT AT F. H. S.

The Cub Scouts, Pack 45 of Farmington, will hold their first meeting of the fall season tonight, September 20. The meeting will take place in the Farmington High School gym at 7:30 p.m.

All boys in the age group eight through eleven who are interested in Cubbing are invited, along with their parents, to attend this meeting. A member of the Pack Committee will be available to advise on how they can join the pack.

An important part of the proceedings will be a formal presentation of the new Pack's charter by a Scout executive from the Clinton Valley Council.

All of the eleven active dens will participate in an exhibit of Cub crafts showing some of the activities engaged in during the summer season. Highlight of the evening's entertainment will be a little skit put on by Dens 1, 3 and 5.

Three From Farmington Enroll At University

Three Farmington residents have enrolled at Wayne University for full time study this fall, University authorities reported recently.

They are Linda Edgerton, 21304 Ontario Street, who graduated from Highland Park High School in 1950 and is enrolled in the University's liberal arts curriculum; Cynthia Maidment, 25350 Greening, who graduated from Farmington High School this year and is also enrolled in liberal arts; and Gerald Plum, 3315 Shilohville Road, who graduated from Farmington High School this year and is a pre-medical student at the University.

A slice of fresh bread, fastened to a cut cake with toothpicks will help keep the cake from getting stale.

Sgt. Saylor To Return To United States

Sergeant Tony Saylor, Jr., husband of Mrs. Addeline Saylor, who lives with his parents, Mr. and Mrs. Tony Saylor at 19324 Westmore, Farmington, has received orders to return to the United States, Army authorities report.

He is being released from active duty because of the expiration of the extension of his enlistment.

For the past seven months Sgt. Saylor has been serving in Korea with the transportation section of H. and S. Company, 430th Engineer Construction Battalion. He has driven a six ton truck for the company during that time.

This has not been Sgt. Saylor's first tour of duty in the Far East. From January, 1947, until July, 1949, he served with the Army of Occupation in Japan.

His civilian job was wood worker with the L & H Wood Manufacturing Company.

Install Alumni Officers At Annual Meeting

Officers were installed at the third annual meeting of the Wolverine Girl's State Alumni Association held August 19, 1951, at the Cook Nelson American Legion Home in Pontiac.

Installation was by Thelma Kramer, Past President of the 17th District American Legion Auxiliary. New officers are president Joan Boyle of Milford, vice-president Eleanor Warner of Clawson, secretary Carolyn Smith of Pontiac, chaplain Glendis Wilson of Rochester and historian Pat Stanislaw of Berkley.

After the meeting tea and cookies were served by Mrs. John Sacks of Clawson and Mrs. Minnevaux, Auxiliary President of the Cook Nelson American Legion Post in Pontiac, sponsors of the 13 Girl Staters.

Farmington Students Enroll At M. S. C.

Approximately 3000 new students and transfers are expected to be among an estimated 12,500 students who will enroll at Michigan State College for the fall term this week.

New students and transfers will number 1,500 men and 1,200 women, according to Kermit Smith, assistant registrar. Among the students are James Whitman, Judith Henry, Gabriele Muehl, Janet Wheaton, Sally Lutz, James McCain and Robert Soos of Farmington.

Three rubber jar rings held together by thread and sewed under the corner of a throw rug will prevent it from slipping.

The American Way

In Michigan the game of golf is gaining in popularity every year. And it's "The American Way" to relax at the 19th Hole with a sparkling glass of Michigan brewed beer.

For beer belongs... to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs... to our own American heritage of personal freedom. *Beer Belongs... Enjoy It*

IT'S A FIREBALL ENGINE

Maybe you're missing something BIG

WE know how you feel when a car has given you faithful service. You like it. You're loyal to it. And that's only human.

But just suppose you found out that some other car could make familiar roads seem a lot smoother.

Suppose some other car held the curves in a way you'd never felt before.

Suppose some other car had more thrilling power—steered like a

dream—held its course like an airliner on the beam—and let you finish a long day's drive feeling daisy fresh.

Wouldn't you feel you're missing something big unless you tried it out?

There is such a car. Its name is Buick.

It has big soft coil springs on every wheel. It has a Fireball Engine. It has a "front-end geometry" that

does miracles with steering. And it has Dynaflo Drive.*

And incidentally, it wears a price tag that makes it a very smart buy compared to anything else you own.

We'd like to have you try this car. You'll never know what you're missing till you do.

How about giving us a call—or coming in to see us real soon?

Equipment, accessories, trim and model are subject to change without notice. *Standard on ROADMASTER, optional on other Buick models.

NO OTHER CAR PROVIDES ALL THIS:

DYNAFLO DRIVE*—saves strain on driver and car
FIREBALL ENGINE—high-compression, valvetrain-head—gets more miles from every tank of fuel
PUSH-BAR FOREGRIP—combines smart style and unsurpassed protection
WHITE-GLOW INSTRUMENTS—greater clarity at night
TORQUE-TUBE DRIVE—seals the chassis, steadies ride, improves driving control
4-WHEEL COIL SPRINGING—cushions ride, saves twisting costs
DUAL VENTILATION—outside air fed separately to right or left of front compartment
SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drive
STREAMLINE STYLING—sleek, car-length fenders, gleaming sweepers on most models
Plus: Self-Loading luggage lid, Six-ON parking brake, two-way ignition lock, Safety-Ride ride, Hi-Powered engine mounting, Body by Fisher

When better automobiles are built
BUICK will build them.
