

MEALTIME COURTESY

Calling your neighbor or friend at mealtime may insure your finding her home. But it may not be the thoughtful, considerate thing to do, says Dorothy Greey of the home management and child development department of Michigan State College.

his wife. April, 1942 — church membership was 291. November 15, 1942, was one of the greatest events in the history of our church. Our pastor, Mr. Fisher, was ordained into the ministry. Guest speaker was Rev. E. O. Odegard of Chicago, former pastor of W. Palmer gave the charge to the candidate; charge to the church by Dr. Renshaw of Detroit and Rev. Fred Vine offered the ordination prayer. This was followed by a social time and refreshments. In September a service flag was dedicated with 14 stars. By April it contained 22 blue stars and one gold one (the latter representing Private Gordon Wilkinson). Evangelistic services were held November 9 to 15 with Rev. E. O. Odegard as speaker and Kurt Wohler of Detroit as song leader. Meetings were well attended and many found Christ as their Saviour. During this year the church building was newly decorated, floors refinished, a new roof put on the entire building, and new carpeting on the floors of the church auditorium. Certain material was purchased for the class rooms by the Bible School.

Fewer Ducks, Geese Shot
By Hunters This Year

Fewer ducks and geese fell before the guns of a smaller hunting force than last year, according to the initial conservation department summary of the 1951 waterfowl season. Shooting ended November 25.

Early and severe November storms disrupted migration schedules as well as causing poor actual hunting conditions. It offset the advantage of a 12-day longer shooting season this fall.

Customary buildups of migrating waterfowl failed to occur as in previous years.

Although near-fatal reports of checking stations reveal better bags than last fall, general department field reports reflect the opposite picture for the state as a whole. This is particularly true for northern areas more affected by the early storms.

Duck and other small game hunters not planning further hunting in the continuing rabbit season are reminded to mail in hunter report cards before they are mislaid or forgotten.

Doe Deer Wearing
Horns These Days

Determining legal deer targets sometimes is an extra difficult proposition.

Two freak deer, does with horns, have been shot in Antrim County and on Beaver Island, the conservation department discloses.

The Antrim County deer shot by Casimer Kotski, Royal Oak, turned out to be a doe with only one horn, with four points. The Beaver Island animal, brought down by an unidentified hunter, also proved to be a doe, but with a pair of six-inch spikes.
