WEEKEND FEATURE SUPPLEMENT/OBSERVER NEWSPAPERS

SUNSHINE days are here and it's time to take to the woods. Caravans of camping vehicles will be fighting their way north and Focus: Suburbia is going along for the ride.

If it's a street or trail bike you're contemplating, or a camping van or travel trailer, we've compiled some guidelines for purchasing your "fun wheels." We will help you sort through the various vehicles available in the camper jungle and our "trip tips" will make you better prepared for your fun holiday. The motorcycle buyers' guide will aid the novice with the intricacies of buying "his first bike." Grab your hat and take a ride with us!
