

## The Fact Remains

No amount of misrepresentation by the peddlers of alum baking powders, no juggling with chemicals, or pretended analysis, or cooked-up certificates, or falsehoods of any kind, can change the fact that

**Royal Baking Powder**  
has been found by the official examinations to be of the highest leavening efficiency, free from alum, and of absolute purity and wholesomeness.

Royal Baking Powder is indispensable for making finest and most economical food.
