To be downright honest, this brand of weather just subsuls.

The fresh air enthusial is haven't got anything on the we spring styles, either.

And along with that wonderful California climate they have field Even roses have thorns.

From the average man's standpoint there's only one thing pret-tier than pretty flowers, and green grass. Makes no diffe nee, married or single.

One thing about this engenic marriage law is certain. There would be a lot of family skeletons dug up. It may be a lood thing in a way, but certain t is that it has no tendency where practiced to increase the earnings of the marriage licensé clerk.

Through, an error the word "fish" appeared in the advertise-ment of a local busin as man in last week's Enterprise. The next day or so several customers called at the establishment and asked for fish. The commodity was not obtainable, but who sa't "nobody obtainable, c... reads the ads."

And Farmington Real Estate looks an awfully good buy, right now. The exodus from the city out Grand River avenue continues in a steady if not fincreasing stream, which means hat homes are going to be worth lots more money in Farmington before long. A word to the wise is usually suf-

Outside of getting out two papers each week, a dozen or more jobs, getting rid of two or three charity seekers, talking to thr. or four salesmen, answering the telephone, looking for news items, looking for a house and reading the waf and base ball reports, we don't have much to 15. Found a little time to swat flies, in fact.

A Farmington minister chose for his subject on last Sunday morning one that every man still womail has daily to contend with if I may be allowed to say it, "the Liar." Without making an editorial com-ment on the sermon, we believe that it is a fact that lying is per-haps one of the bigget stepping stones to crime of degratation. I have reason to believe hat many who heard the sermon had cause to wonder whether all c a portion of the remarks, at leas, were not of the remarks, at leas, were not addressed directly at lilm of her who heard it, despite the fact that the minister doubtless had no par-ticular character in mind. Our interpretation of the lile makes us believe that it is just as big a crime to break the commandment "Thou Shalt not Lie," as it is to break the one which are "Thou Shalt not Steal." And it occurs to me that the millist s of today are realizing more and more that random shots are invariably the most effective, and profiting there-

Just a few more short days and the good fellows of Farmington are going to close one of their most active members. And one more name is going to be i ided to the ever increasing list of happy and satisfied beheditts. Incidentally, suitings, wash fabrics, fancy waist I myself will miss him. In a little sense, I'm sorry, but when I come to nalyze my feelingd way down terns. Finest line on the market, deep I'm truly glad, because I Dealing direct with the mills you know he's going to follow in the wake of the fairy book tales and mikke the fairy book tales and mikke the fairy book tales and mikke the to \$30 weekly you can live happy forever after. This also. Samples, full instructions in particular good fellow has rinde heat sample case, shipped express good in every way, and has earned the true friendship of a host of Exclusive territory. Write for friendsall over the coultry. I've particulars. Be first to apply, hever heard a faird word against him, and am invariably hearing 2004th St., Binghamton, N. Y. agod ones: He's one of the best

The Farmington Enterprise friends that I've got, and probably one of the best of yours. There are a lot of nice things that I want to write about him and say to him after the biggest fevent in his life; but I'm affaid of that choky sensation. Of one thing I'm sure, the best that I will be able to write or say or hope will fall far short of what he really deserves.
