

MORE LOCAL NEWS

Mrs. Mark Ambler of Detroit called on relatives her Saturday.

Mildred Harger of Detroit is spending a few days with her cousin, Helen Whipple.

Clyde Grace of Detroit was out over Sunday visiting his brothers, R. S. and James Grace.

Miss Edith Ringle visited in Detroit one day the latter part of last, and the fore-part of this week.

Announcement has been made that Rev. G. E. Gulien of Detroit is to preach the baccalaureate sermon for the local graduation.

Mr. and Mrs. E. S. Grace, Miss Viola Owen and Miss Gladys Dennis motored to Detroit Monday on a short shopping and business trip.

Harry Weaver left Northville Monday for Traverse City, where he will engage in the undertaking business, as previously announced in the Enterprise.

Fred M. Warner was a passenger for Detroit Monday morning remaining over until the following day, and was in attendance at the G. O. P. "peace conference."

State Auditor General Fuller of Lansing, passed through Farmington Wednesday, and stopped off for a short visit with Fred M. Warner, being enroute to Detroit.

Attorney McGee was over from Pontiac Friday visiting with relatives. He is at present detained on a case that takes him to Denver, Colorado, and left for that place Saturday evening.

Twenty-four cans of perch and wall-eyed pike were deposited in Lake Orion last week by the state fish commission, and nearby residents are making efforts to have additional deposits made.

Prof. and Mrs. Finch were host and hostess to all of the teachers of the Farmington schools at their home on last Thursday evening. The dinner will probably be one of the last gatherings of the members, as several of them have accepted positions elsewhere for the coming year.

Memorial services were held at the M. E. church last Sunday, conducted by Rev. Chas. Lee. The church auditorium and pulpit were appropriately decorated with the national colors and floral decorations, tastefully arranged. The few remaining members of the G. A. R. attended, singing in and out with fitting ceremony. A special choir rendered excellent music and the pastor gave an able address.

The way cars are lining up in front of the Park garage these days is immense and everybody from office boy to boss is "going some." Autoists are commencing to realize that big city service is being maintained right here and are taking advantage of it. New cars are going out at a rapid rate, and it is indeed hard to say just how many new Fords Mr. Ely will have been instrumental in placing on the road ere the close of the summer.

Mr. and Mrs. Reed Webster of Detroit were visiting with relatives here over Sunday.

Novi sent a delegation of eight women to the Woman's Home Missionary meeting at Milford last week.

Earl Gulien, who was threatened with typhoid fever, is now practically recovered, and with his family is making plans for removal to Echo Place, Brantford, Ont., where he will engage in the grocery business with his father, and the family make their future home. They have a large circle of friends in and about Farmington, who will regret their departure, but wish them every success in their new home.

Hon. Patrick Kelley, accompanied by W. H. Porter and S. H. Power, all of Lansing, were in Farmington Wednesday evening. Mr. Kelley is too well known throughout the state to need any introduction, and is one of the biggest figures in Republican state politics today and mentioned as a probable candidate for either governor or congress, and his visit here was for the purpose of consulting prominent local politicians. The party took supper at the Owen House, and drove on through late that evening.

Everything is in readiness for the grand opening of Dew Drop Inn, the new ice cream and soft drink parlors, Friday morning owned and to be managed by Fred Pauline, too well known in and about Farmington, to need an introduction at our hands. Everything is up-to-date and it is certainly a classy little place. Mr. Pauline has been a faithful employe at the P. L. Cook & Co. stores for the past several years, has made good in every way, and we bespeak for him success in his new venture.

Citizens living on Grand River east of the business section of the village were aroused from their slumbers about ten o'clock Tuesday evening by a wailing moan and cry for help. Several responded and discovered a Jewish rag man who was hollering and talking the Hebrew language with his mouth. "The fellow had stepped on the main street and proceeded to litter up the street with hay and other horse feed, and some of the young fellows of the village had proceeded to have a little fun with him. Village President Francis looked the matter up, and started like on the road to Detroit at a first rate clip.

Vudor Porch Shades

Summer Pleasures without Summer Discomforts! Indoors it's sticky and moist. On the porch it's cool—when the Vudors are down.

Why not eat, sleep, live there this summer? Thousands do it. The cool air gives appetite and forces you to dreamless sleep because it bathes the nerves while you sleep. It cures them.

*Vudor Porch Shades cost little. They give air but keep out glare. You can look out through Vudors, but not in through them. They last—they keep "that new look," for they're stained, not painted, nor dipped.

A BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of wheat, corn, cotton, sugarcane, etc., and in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable peach-pine.

Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to a land of abundance and plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefiting by the increasing high cost of living, while others are suffering from it.

An opportunity to secure rich productive land without capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it graded (harvested and replanted) for grantees, in consideration of 25 per cent of the net profits derived from the sale of the crops, thereby allowing the grantees to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of cotton amounted to \$1,250.45, and that one acre of well-cared-for paper shell pecans, in full bearing, should net the owner as high as \$600.00 per year. We are anxious to obtain in the land that they will need no further clearing, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to someone who will occupy it; otherwise it reverts back to the grantor.

The land opened in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most beautiful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

OUR AIM IS FOR MUTUALLY BENEFICIAL RESULTS. As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which will be held, and you increase in value along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will hold for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening similar to those of the

Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as all who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres, and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. We are arranging to prevent over-registration. We will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will cheerfully be permitted, and the opening will be held at Brownstown, Wayne County, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Brownstown on the opening day, unless they wish to attend, for there will be no favoritism shown anyone. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With the ever-increasing population of this country there is an corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and Independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. You must realize that this may be your last chance to secure land in this country without a large outlay of money, and it should be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.
