Said bonds will be dated December 1, 1971, will be coupon bonds in the denomination of \$5,000 each, will be numbered consecutively in the direct order of their maturities from 1 upwards, and will bear interest from their date at a rate or rates not exceeding 5% per annum payable on June 1, 1972, and thereafter semi-annually on the first days of June and December. Each bid shall state the annual interest rate or rates to be paid thereon, expressed in multiples of 1/8th or 1/20th of 1% or both. The interest rate on any one bond shall be at one rate only and shall be evidenced by one coupon only for each coupon period. Bonds maturing in the same year shall bear interest at the same rate and no bond shall bear interest at a rate less than 50% of the rate of interest borne by any other bond. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery.

The said bonds will mature serially on June 1 in each year as follows: \$5,000.00 each of the years 1972 through 1981; and \$4,000.00 each of the years 1982 through 1988. The bonds maturing prior to the year 1982 shall not be subject to redemption. The bonds of said issue maturing in the years 1982 through 1988 shall be subject to redemption at the option of the issuer at any time after the date of their issue at a rate or rates not exceeding 5% per annum payable on and after June 1, 1981, at the par value thereof and accrued interest. Notice of redemption shall be given to the holders of such bonds at least 30 days in advance in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds. Both principal and interest will be payable at such bank or trust company located in the State of Michigan, qualified to serve as paying agent under the Statutes of the State of Michigan or of the United States of America as shall be designated by the original purchaser of the bonds. The said bonds are to be issued in anticipation of the collection of an equal amount of special assessments against lands in certain school assessment districts No. 72, to defray part of the cost of constructing water mains in said Township, and in addition will pledge the full faith and credit of the Township for the payment of the principal and interest thereon to the extent specified special assessment receipts are not sufficient to meet said service.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from December 1 to their respective maturities and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Township. No proposal for the purchase of less than all of the bonds or at a price less than their par value will be considered.

A certified or cashier's check in the amount of \$1,000.00 shall be deposited with the Township Treasurer to accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. There will also be furnished the usual closing papers, including a non-litigation certificate, dated as of the date of delivery of the bonds.
