

Don't expect anything ordinary from an extraordinary condominium.

Lexington Condo Homes

Within a Lexington Condo Home are many features which make it an extraordinarily fine place to live.

Each, for example, includes a fireplace, a large entrance foyer, a special powder room, a private courtyard... and, if you choose, a private balcony.

Each gives you an attached garage with a convenient second entrance to your home. And each includes a basement that can be made into a finished family room or second living room at your option.

As all this implies, Lexington Condo Homes are not at all small — many are two- and three-bedroom units with 2½ baths.

This weekend, we invite you to see just how extraordinary our Lexington-Condo-Homes are. Simply drive to Eight Mile and Taft Roads in the City of Northville.

Open daily and Sunday 11-8, Saturday 11-6. Call 522-4920 or 349-6350. Prices start at \$35,900.
