

JOSE MOLINA brings his Bailes Espanoles to Plymouth-Salem High School Auditorium tomorrow night (Feb. 1) at 8. Tickets will be sold at the door.

Schoolcraft To Have New Course In Jazz

Jerry Richardson, local jazz musician and director of the Schoolcraft College Stage Band, is altering the format of the band's Thursday evening rehearsals to include a workshop in jazz improvisation.

All interested musicians, semi-professional, college or high school, are invited. Registration is at 7:30 p.m. Thursday, Feb. 1, in Room F310, Forum Building, Schoolcraft College, 18600 Haggerty, Livonia.

The registration fee is \$11 for district residents and \$22 for all others. The course will last 14 weeks, with classes each Thursday from 7:30 to 9:30 p.m.

"Opportunities for the potential jazz musician to find suitable instruction in the art of improvisation are limited."

Hilberry Schedules Comedy

DETROIT "The School for Scandal," Richard Brinsley Sheridan's most famous and popular comedy of manners, joins the Hilberry Theater repertory Thursday, Feb. 1, at 8:30 p.m.

The new production will alternate with "The Crucible," and "The Three Musketeers" until joined by "Volpone" in March.

The Hilberry production features John Sterling Arnold and Kathleen Gaffney as the classic December-May couple, Sir Peter and Lady Teazle.

Complete schedules are available from the WSU theater box office in the Hilberry lobby, Cass and Hancock. Tickets are available there, as well as at Hudson's.

Persons interested in having their clothes altered or restyled. Personal fittings on both men's and women's clothing in our modern tailoring shop. Phone 349-2677, Lapham's, 120 E. Main - Downtown Nottville.

I-75 Bottleneck To Be Widened This Year

Nearly all of I-75 Freeway between Flint and Bay City will be widened to six lanes this year, the State Highway Commission says.

The 46-mile section of four-lane freeway, inadequate for present traffic volumes of up to 51,000 vehicles a day, is one of the most serious bottlenecks on the state freeway system.

State Highway Director John P. Woodford said an additional lane in each direction will be constructed on existing right-of-way.

Bids on four separate projects totaling \$12 million were taken last month for widening 21.4 miles of I-75 between US-24 south of Flint and Birch Run in southern Saginaw County. Work will begin next week.

Bids on 21.6 miles between Birch Run and Midland Road north of the US-10 interchange west of Bay City will be taken later this year.

EXCLUDED from the widening project is the three-mile section of I-75 between the I-675 Freeway interchanges east and north of Saginaw. This portion, including construction of a new high-level Zilwaukee Bridge, will be reconstructed and widened at a later date.

Financing of the extended widening project all the way to Bay City was assured by recent passage of Gov. William G. Milliken's Transportation Package by the Legislature. It provides additional financing for state highways, county roads, municipal streets and public transportation.

Although the widening work will require closure of one freeway lane in each direction, Woodford said that every effort will be made to minimize interference with traffic.

These include:

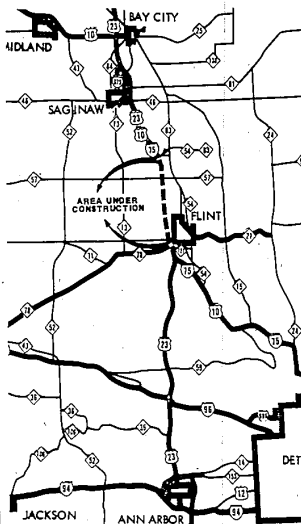

Suspension of work between 2 p.m. and 6 p.m., Monday through Friday, when all freeway lanes will be opened to traffic.

Suspension of work between Friday noon and Monday morning, permitting full use of existing lanes by heavier weekend traffic.

Accelerated night work schedules, including two work shifts, to reduce total time required for completion of the project.

While no detour will be necessary, motorists regularly using I-75 are urged to seek alternate routes around the construction area, if possible.

Widening of I-75 between US-24 and Birch Run is expected to be completed this fall.

THOMAS L. SWEENEY, 27022 E. Arden Park, Farmington Township, has been promoted to second vice president of Manufacturer's Bank. Sweeney is in charge of the Grand River-Halstead branch. He has been with Manufacturer's since 1956 and was named a branch officer in 1968. He is a member of the Farmington Chamber of Commerce and holds a graduate certificate from the American Institute of Banking.

RONALD R. DAUM, 24590 Lincoln, Farmington Township, has been appointed corporate service officer of Manufacturer's Bank. Daum manages the bank's corporate services department. He joined the bank as data processing supervisor in 1966 after graduating from the University of Michigan with a bachelor's degree in business administration.

Blood Group Visits Area Feb. 1-3

The Michigan Community Blood Center's self-contained bloodmobile has been scheduled for a three-day public donor drive at Wonderland Shopping Center, Plymouth at Middle Belt, Livonia. The 27 1/2 ft. mobile unit will

be stationed at the center's west end Feb. 1-3. Volunteer donors will be accepted between 12 noon and 8 p.m. all three days.

Donors can insure themselves and members of their families for a year's protection

with the contribution of one unit of blood.

The Michigan Community Blood Center is a non-profit statewide organization devoted to research and education in bloodbanking.

Notice of Hearing Affecting Residential Gas Rates

Consumers Power Company has filed an application with the Michigan Public Service Commission for authority to incorporate a fuel and purchased gas cost adjustment clause in its Residential Service (Open Order Rate "A") MPSC No. 6 - Gas. Consumers Power Company's presently effective gas rates for commercial and industrial customers now contain adjustment clauses which permit adjustments in those rates to reflect changes in the cost of gas. The requested authority to incorporate a fuel and purchased gas cost adjustment clause in the residential rate results from recent amendments to the laws relating to public utilities.

The incorporation of the proposed fuel and purchased gas cost adjustment clause in the gas residential rate schedule will cause the residential rate to increase or decrease as the cost of gas increases or decreases.

A public hearing will be held on Consumers Power Company's application at 9:30 a.m. on February 12, 1973, in the offices of the Commission, Law Building, Lansing, Michigan, for the purpose of determining whether the authority sought should be granted. Any interested parties may attend the hearing and participate, subject to the Commission's Rules of Practice and Procedure. Copies of the official notice of this hearing and the application of Consumers Power Company are available for inspection at the office of the Secretary of the Commission, 5th Floor, Law Building, Lansing, Michigan, and at the office of the Secretary of Consumers Power Company, 212 West Michigan Avenue, Jackson, Michigan.

Do you have a Humidifier and no humidity?

Do you have a CERTIFIED Humidifier? Now Skuttle Humidifiers Are ARI Certified!

Buyers of home humidification equipment have an assurance of dependability and accurate capacity ratings when they see the blue-and-white "Seal of Certification" displayed on a unit.

Demand a certified rated humidifier, now available as of January 1, 1973.
