WOMANS WORLD

The role of women in today's complex society has drastically changed in just a few decades. Where woman's major responsibility once was marriage and homemaking, she now can be found filling important positions in all phases of modern life.

Observerland women are no exception. Our hometowns are teeming with women who contribute in many ways to their environment.

Don't miss "IT'S A WOMAN'S WORLD" in this week-end's edition of FOCUS: Suburbia!
