

ROYAL BAKING POWDER

Absolutely Pure
The only Baking Powder made from Royal Crap Cream of Tartar
NO ALUM, NO LIME PHOSPHATE

W. C. Collins of Detroit was a local visitor last Friday.

Fred Pauline was looking after business interests in Detroit Friday last.

Mrs. N. J. Eisenlord, who has been on the sick list, is nicely improved.

Mrs. Sarah Mayhew of Pontiac is visiting her sister, Mrs. William VanAlstyne.

Mr. and Mrs. E. S. Grace and Miss Viola Owen motored to Detroit Monday.

Rev. Martin, now of Detroit and formerly pastor of the German Evangelical church here, was a visitor Sunday.

Mr. and Mrs. Fred Allen and son of Northville were over Sunday guests at the home of Mr. and Mrs. George Rider.

Mrs. N. H. Power of Detroit was an over Sunday guest at the home of her father, James Hendryx, and also visited other relatives here.

Carl Hogle's vacation from duties at the government fish hatcheries at Northville came to an end Sunday, he reporting for duty the following Monday morning.

Mrs. F. M. Warner and family, and Mrs. C. M. Doherty were entertained Thursday evening by Mrs. Harry Weaver at the home of her mother in Northville.

Mr. and Mrs. Wm. VanAlstyne can indeed consider themselves fortunate these days, and have been enjoying peas from their home garden since the 17th day of June.

Rudolph Langbecker has started work on his new stone cottage at Walled Lake. Several other Farmington people, who own lots at the lake, are also planning and will erect buildings within the next few weeks.

The Ladies' Union will meet with Mrs. Mary Crosby on July 2. Lunch will served.

Miss M. Eleanor Peterson is teaching during the summer term at Cass high school, Detroit.

Mrs. Julia Langhart of Detroit was a guest at the home of Dr. and Mrs. E. F. Holcomb during the past week.

Mr. and Mrs. Herman Schroeder attended the funeral of the latter's uncle, Fred Spaller, at Mt. Clemens, Monday of last week.

Mrs. C. M. Doherty, Mrs. Fred Warner and Misses Fannie Jackson, Edythe Ringle and Lillian Schroeder were Detroit visitors on Friday of last week.

The biggest end of strawberry picking is now over, and many the carton of berries that has been picked in this vicinity. The berries were of excellent quality and the yield on the average large.

The entire graduating class of the high school returned the first of the week from Buffalo and Niagara Falls, where they enjoyed a few days' vacation, sight seeing and pleasure trip. The expense of the trip was defrayed from the surplus existing as a result of a round of class festivities and the class play. The outing is an ideal one, and a fine time is reported by all.

A more or less damaging frost passed over this section Friday night, and while the damage in this immediate vicinity was extremely light, from over in the vicinity of the lakes comes the report that considerable damage has been wrought. The frost seems to have passed over in what might be termed streaks and farmers in and about Farmington are considering themselves extremely fortunate.

Marl Murray and family and Murray Moore motored down from Lausing Sunday and spent a few days here visiting with numerous relatives and friends.

The cherry trees are a pretty sight just now, and many of them are literally loaded. Cherry pie is very much in order right now, and we for one are entirely approved of the order.

Miss Eliza Fuller of White Lake and John Ryel of Farmington were quietly married at the parsonage at Walled Lake on Wednesday of last week by the Rev. F. A. Brass of the Baptist church of that place.

For about an hour last Monday afternoon car service was badly interrupted, when at least two cars tied up just south of the village between here and Northville owing to the fact that some severe wire trouble was experienced. The line car was on the job within a few minutes and normal car service shortly restored.

About 20 ladies from Farmington, North Farmington and Detroit, gathered at the Clyde Seeley home near North Farmington Wednesday afternoon, the occasion being in honor of Mrs. L. F. Schroeder, one of Farmington's several June brides, when a miscellaneous shower was given in her favor. A delightful social afternoon was spent by the ladies and dainty refreshments served by the hostess during the course of the afternoon. Mrs. Schroeder was the recipient of many beautiful and useful presents, showered upon her by the circle of friends who comprised the guest list.

Jimmie Ryan, for over six years car foreman at the power house at the Junction, has resigned, and no man ever made more friends in a position and community than Jimmie. Every morning has seen him coming out on the car from his home made with his mother in Detroit—every evening has seen his return. Employees to a man regret his leaving. His plans for the future are undetermined, but they include a nice vacation. E. C. Kilgore of Flint arrived here on the 17th and has taken the vacant position, and with his wife will make their home in Farmington, just as soon as he may be able to procure a suitable home.

During the school vacation Howard Warner will take a tour through Europe with several of the U. of M. students. They expect to make the tour on the other side of the water entirely by bicycle. They sailed from New York Tuesday evening.

Fred M. Warner and wife left Tuesday morning for Detroit, where the annual State Bankers' convention convened Tuesday. A fine water trip is being made by the association, which numbers about 300, the steamer City of Detroit II having been chartered. They expect to return Saturday.

Mrs. T. H. McGee returned home Tuesday after a pleasant two weeks' visit with relatives and friends in Saginaw. Of course, we didn't have to ask when she returned—just noted the pleased expression that shone forth through the post office window when we said we wouldn't pay our box rent.

Mark Owen resigned his position at the T. H. McGee drug store and at the postoffice effective Wednesday evening, and has been succeeded by Harrison Johnson. Mark expects to go to Ann Arbor at once, where he will take the summer preparatory course in electrical engineering, and will enter regular classes there next fall. He has a host of friends in Farmington who will miss him. He has been in the position just resigned since last December.

Base ball forms the chief topic of conversation around town this week, and the prospects good that a big crowd will go down to Redford next Saturday afternoon for the game between Redford and Farmington. Johnson will twirl for Farmington and Hutchins for Redford. These two pitchers worked twelve innings to a draw at Northville last Saturday, and the battle next Saturday will be more or less to the nature of a continuation.

Mr. and Mrs. W. J. Hazelton of Bloomfield Highlands have announced the engagement of their daughter, Miss Gladys Regis Hazelton to Mr. Charles Burt Pettibone of this place. The announcement was made before a social gathering of Delta Sigma Sorority girls on last Saturday afternoon. The marriage will take place at the home of the bride's parents on Saturday, July 25th. Several prenuptial affairs are to be arranged for the bride during the next month. The bride is known in this community, while the groom is one of Farmington's foremost young dairymen and farm owners.

Tyrus Cobb, star of the base ball world, without a shadow of doubt, and petted member of the Detroit Tigers, has again got himself into trouble and as a result has a broken finger and is out of the game for several days. Newspaper accounts of the affair vary, and it is difficult if at all possible to arrive at a truthful or definite conclusion. Every effort will be made to extricate him from the tangle, as his presence on the team is badly needed. The affair has made him enemies, at least in Detroit, as the usual welcome cheers were lacking when he put in an appearance on the field last Monday afternoon, according to the report of one of the spectators.

Fifty-five little girls and young misses from the Columbia and Esterbrook schools of Detroit put in probably one of the happiest days of their lives last Saturday as the guests of their teacher, Miss Edessa Warner, and Mr. and Mrs. Fred M. Warner in Farmington. Miss Warner is a teacher of domestic science and teaches in five Detroit schools, and early last fall announced a picnic for the school doing the best work during the school year. Columbia school won but Esterbrook was a close second, so combined, a special car was chartered for Farmington last Saturday morning, arriving here at ten o'clock. It was a big day for all, and the way it was enjoyed was fully expressed in the happy faces that took the special for Detroit late that evening, accompanied by Mr. and Mrs. Warner.

AMERICAN FENCE

Made of Hard, Stiff Wire, of Highest Quality

Good Fences are a farm investment that bring the most returns for the least money

ARE you losing money? If you had a hole in your pocket, out of which you were losing hard-earned dollars, would you sew it up? The time has arrived when a fence around the farm is as much a necessity as a cultivator.

If you are feeding 60c or 70c corn to hogs in a dry lot, allowing good, green feed to go to waste on other portions of your farm, you have a hole in your pocket, out of which you are losing good, hard-earned dollars. Sew it up.

Look up an American Fence dealer and let him show you how a few dollars invested in fence will yield a big big rate of interest on feed saved.

American Fence is made of hard, stiff steel. It is made of a quality of wire drawn expressly for woven-wire-fence purposes.

Galvanized by latest improved process—the best that the skill and experience of years has taught. Built on the elastic, hinged-joint (patented) principle, which effectively protects the stay or upright wires from breaking under hard usage.

The real test of a fence is the service you get out of it. Test, judge and compare American Fence under any and all conditions, and you will find that the steel, the structure and the galvanizing are equal in durability, strength and efficiency to the hardest usage.

F. BAACKES, Vice-Pres. & Gen'l Sales Agent

American Steel & Wire Co. CHICAGO, NEW YORK, DENVER, SAN FRANCISCO, BOSTON, PHOENIX, ST. LOUIS. See the size in your laws and have him show the Chicago Standard Fence Book. Also get from him a booklet, "How to Build a Cheap Satisfactory Fence Fence." Enclosed hereto for the asking.
