## AN EXPLANATION THAT EXPLAINS.

### Sunday School Lessons Made Easy and Interesting.

A Weekly Illustrated Article on the International Sunday School Topic to Be a Regular Feature in This Paper. Hereafter—The Of-Repeat-It! Don't Know the Lesson? Will Not Do Now.

We are pleased to announce to our readers that in this issue we begin the regular weekly publication of the Brooklyn Tabernacle Illustrated Articles on the International Sunday School Lessons.

These articles are written in easily understood but beautiful language, really explaining the Lessons, and so far towards making it a real pleasure for both teacher and pupil to meet in the class room at the recitation hour.

No longer can the busy or careless offer as an excuse for staying home Sunday morning the oft-repeated, "I don't know the Lesson."

Teachers or pupils with ordinary mind can hereafter in fifteen minutes read the Brooklyn Tabernacle Single-column article, and thereby creditably acquit themselves among their fellows.

To those of our readers who are forced to miss the regular weekly class-room exercises we are pleased to offer this feature as an excellent substitute.

Hundreds of editors throughout America are serving the interests of a mixed constituency by publishing this unsectarian weekly service, and we sincerely hope to do likewise.

### THE GOLDEN AGE AT HAND.

Scriptural Evidence That Are Astonishing—No One Can Afford to Be Without the Knowledge.

We do our friends a valuable service when we call their attention to the valuable book entitled, "THE TIME IS AT HAND," which are given many Scriptural evidences to prove where we are on the stream of time.

"Men's hearts are falling them for fear" and many of the leading thinkers are proposing remedies to better conditions. The Scriptures assure us that man's extremity will be God's opportunity, and this book holds out an anchor to those who fear the wave of unrest now spreading over the world.

The honest heart confesses that it is at a loss for an explanation of transpiring events. While we refer to this as the BRAIN AGE and the Age of ENLIGHTENMENT, nevertheless, no one realizes that we are fast approaching a crisis which is wrapped in darkness owing to the present world-wide social, religious and political unrest.

### MESSIAH'S KINGDOM.

The Glorious Day of Divine Favor Is Nearing.

The period in which sin is permitted has been a dark night to humanity, never to be forgotten; but the glorious day of righteousness and divine favor is soon to be ushered in by Messiah. He, as the SUN OF RIGHT-EOUSNESS, shall arise and shine fully and clearly into and upon all, bringing healing and blessing, which will more than counterbalance the dark night of weeping, sighing, pain, sickness and death, in which the groaning creation has been so long. "Weeping may endure for a night, but joy cometh in the MORNING."

For further LIGHT on the coming Kingdom send thirty-five cents for the Helping Hand for Bible Students, entitled, "THE KINGDOM COME." Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

Minute Marvels.

The rotifer is but an infinitesimal speck, about a thousandth part of an inch long. He is a water midge that needs a microscope to watch his movements. Ten thousand rotifers could sport in a tiny eggcup full of water without causing more commotion than would a single fish in any given bay. "One would naturally suppose that such creatures were the most minute forms of animal life, but such is not the case. Wherever there is a drop of them they are accompanied by another species which are so small that in descriptions of the two they are likened to rats and horses. These tiny attendants on the Rotifer vulgaris are only one one-hundred thousandth of an inch in length.

The State and the Individual.

The state may make it easy for a man to acquire a small holding, but it cannot give the man the energy, the industry, which are necessary if the boon is to be an abiding blessing to him. The state may help men over bad times, but it cannot give man the moral character which enables the man to possess it by their energy, determination, industry, to place themselves beyond the reach of temporary disaster. — London Strand Magazine.

### Politics? Nix Says ex-Governor Warner

It's easy to get an interview with ex-Governor Warner, but getting him to talk politics is another matter. Those who know him intimately and those here at home knew the fact long ago—the Bankers' convention found it out last week and so did the reporters.

Mr. Warner says he is out of politics, and when he makes an assertion he usually backs it up. Here's the way he did it before the assemblage of bankers, the article being reproduced from the Alpena Evening News:

"Why my crops are looking fine," said Fred M. Warner, former governor of Michigan, Wednesday night at the bankers' reception when he was asked what are the prospects for next fall, Mr. Warner knew as well as his questioner that political prospects were intended, but he wanted to show how absolutely he is out of the game of politics. Mr. Warner was with his uncle, S. A. L. Warner, of First street, and a group of friends at the city hall park demonstration.

"Who do you think will be the next governor of the state of Michigan?" was asked Mr. Warner. He replied that he did not know.

"I am out of politics altogether," replied the former executive, "and am devoting my time to my farms and other business in Farmington. I cannot give out an idea of the situation." Mr. Warner spoke highly of Martindale, Grosbeck and the other Republican candidates and he also spoke well of Governor Ferris and of the Progressive candidate, H. R. Patterson.

Mr. Warner and wife had dinner at Long Rapids and they enjoyed every minute of the trip to and from the city. Mr. Warner expressed surprise at the remarkable development of the country since he made a trip out in that vicinity nine years ago. He was pleased with everything and he wanted Alpena people to know it.

## How to Detect the Alum Baking Powder

"Which are the alum baking powders; how can I avoid them unless they are named?" asks a housekeeper.

Here is one way: take the can of a low-priced powder in your hand and read the ingredient clause upon the back label. The law requires that if the powder contains alum that fact must be there stated. If you find one of the ingredients named alum, or sulphate of aluminum, you have found an alum baking powder.

There is another and a better way. You don't have to know the names of the alum powders. Use Royal Baking Powder only; that assures you a cream of tartar powder, and the purest and most healthful baking powder beyond question.
