

Rev. and Mrs. Chas S. Lee who were tendered a Reception at the F. M. Warner home Wednesday Eve.

## LOCAL NEWS

Mrs. R. E. Wolfe accompanied her daughter to Detroit Tuesday.

Mr. and Mrs. Fred Boud and family left Tuesday morning for their home at South Bend, Wash.

Miss Alice Jones, who last week graduated from the Northville high school, is attending school at Ypsilanti.

Mrs. Harry McCracken and son, Donald, left Tuesday for Vancouver, B. C., where they expect to spend the summer.

Miss Emma Schroeder was a passenger for Ypsilanti on last Monday where she will take the summer teachers course.

Just six more days to get your Noxious Weeds cut down and out of the way, and the way Commissioner Hatten said it makes one think that now is a pretty good time to act.

Ben Meyers was a business visitor in Detroit Monday.

The Misses Ringle were passengers to Northville Saturday.

Well, Farmington received her share of June brides, anyway.

Marie Pettibone will sever his connection at the E. C. Grace store the latter part of this week and expects to leave within a few days for Grand Rapids to make his home.

Mrs. Herman Maas and little son went to Detroit the latter part of last week, where they spent several days visiting with relatives and friends, returning home Monday.

Starting with July 1st, Mr. and Mrs. Fred Pauline will take over the management of the E. C. Grace store, which has been under the management of Miss Grace or Mrs. Pauline, alone, for the past several months.

Carl Hogle took a big shipment of black bass to Charlevoix the latter part of last week for the big government fish hatcheries, and also spent a day at Petoskey.

Through an error last week we stated that Rudolph Langbecker's new house at Walled Lake was being constructed. It just happens that the new house is on Grand River, Farmington, and we hasten to make the correction.

The Enterprise completed a big two color poster for the Redford Fourth of July celebration, when two good ball games will be staged one in each the morning and the afternoon. Several locals will probably take in both games.

Mark Owen left Sunday afternoon for Ann Arbor where on Monday morning he entered school for preparatory course, and will enter the regular Electrical Engineering classes next fall. During the next few weeks he plans being at home in Farmington over Sunday.

Miss Ivy Redding arrived in Farmington last Monday afternoon from Parker, Kansas, and has joined the Enterprise force, starting her duties Tuesday morning. Miss Redding is an experienced compositor, and is a welcome addition to our official family.

A game of base ball scheduled for Farmington on July Fourth, when the Y. M. C. A. team of Detroit had been booked for a game here was canceled the latter part of last week. The Farmington battery, Johnson and Maas has been engaged to work in at least one of the two games for Northville, at that place and we are sure will make a very creditable showing.

A severe storm passed through and over this section Saturday evening, and we are indeed fortunate that more damage was not done. Just before the storm struck here, the skies were of a yellow-greenish color and were the cause of alarm on the part of many. The clouds proved to be wind, however, and were accompanied by much rain, and a big electrical demonstration. The power of the D. U. R. was shut off for a period of fifteen to twenty minutes until the worst of the lightning had passed over. While some damage was done to immature crops, it is believed exceptionally light.

Regular meeting of the Village Council next Monday evening.

Mrs. Frank F. Zessau was a passenger for Detroit Wednesday. Mr. and Mrs. A. L. Bruder visited at Windiate Park the first of the week.

E. S. Grace and Miss Viola Owen were Detroit visitors one day the first of the week.

Clarence Bicking and William Ely have started work on their new cottage at Walled Lake.

Mrs. Will Chamberlain returned Tuesday evening from a week's visit with her parents near Elm.

Mrs. M. F. Stanley and Mrs. E. J. Bradner of Northville were visiting at the George Conroy home Tuesday.

Mr. and Mrs. Albert Bruder are expected to return to their home in Redford the latter part of the week from their honeymoon trip and visit at Windiate Park.

The old frame building on the lots belonging to the Nelson sisters on Grand River avenue was torn out this week and will be replaced with a new modern residence.

John S. Smith, representing one of the largest wholesale drug houses, paid this village his usual visit Tuesday morning, with a full line of rubber goods, drugs, etc., and sold T. H. McGee the usual big order.

Mrs. E. C. Kilgore arrived here Thursday from Flint, and joined her husband here. If a suitable house can be found in Farmington, they expect to make this place their home, otherwise they will remove to Redford.

Miss Carol Ramsey, daughter of C. K. Ramsey, former publisher of the Enterprise, has been seriously ill at her home in Redford for the past ten days. She is convalescing nicely, which will be welcome news to a host of friends.

Miss Ethyl Morris, a member of the 1914 graduating class of the local High School left for Detroit Tuesday morning, she will take up studies and training as nurse at Samaritan Hospital. Local friends will wish her every success.

Nothing further has been heard from the suit of the Perry-Mortenson Company vs. H. C. Voss, for a commission amounting to in the neighborhood of \$300, and which the defendant refused to be convinced that he owed, and it is generally believed that the same has been dropped.

L. C. Harger and family shortly expect to remove to Detroit and will have charge of the grocery and milk station of the Harger Bros. in that city. Sayres Harger, who has been living there will again return to Farmington. The change will be made within the very near future.

The rumor continues that either the Adams or American Express company will shortly occupy the field just vacated by the United States Express Company, which includes the Farmington office. Express service of some kind is badly needed, especially for those articles which parcel post fails to cover.

Redford was all "spiked" up for the ball game scheduled for last Saturday afternoon, according to the Detroit papers, when Farmington was to have played the Redforders at Redford. Rain stepped in, and stopped all question of a game, the Redford ball lot being covered with a couple of inches of water. The game has been indefinitely postponed.

The work on the Grand River Road near the city limits of Detroit is progressing nicely, despite the inclemency of the weather, and a big force of men is now engaged. Some of the concrete has already been laid, and the stretch is increasing daily. Much work is also being done within the city limits, and we hope it will not be long, until we may be able to report a perfect road through to Detroit city hall. The work on the road is having a tendency to greatly decrease the amount of traffic through Farmington, which is usually exceedingly heavy at this time of year.

**AMERICAN  
FENCE**

Good Fences are a farm investment that bring the most returns for the least money

ARE you losing money? If you had a hole in your pocket, out of which you were losing hard-earned dollars, would you sew it up? The time has arrived when a fence around the farm is as much a necessity as a cultivator.

If you are feeding 60c or 70c corn to hogs in a dry lot, allowing good, green feed to go to waste on other portions of your farm, you have a hole in your pocket, out of which you are losing good, hard-earned dollars. Sew it up.

Look up an American Fence dealer and let him show you how a few dollars invested in fence will yield a big big rate of interest on feed saved. American Fence is made of hard, stiff steel. It is made of a quality of wire drawn expressly for woven-wire-fence

purposes. Galvanized by latest improved process—the best that the skill and experience of years has taught. Built on the elastic, hinged-joint (patented) principle, which effectively protects the stay or upright wires from breaking under hard usage.

The real test of a fence is the service you get out of it. Test, judge and compare American Fence under any and all conditions, and you will find that the steel, the structure and the galvanizing are equal in durability, strength and efficiency to the hardest usage.
